

As designers and manufacturers, we have a responsibility to promote sustainability throughout our products' lifecycle, incorporating as much recycled polyester as possible without compromising performance. To ensure transparency, we report minimum recycled content claims rather than 'average' or 'up to'. In compliance with ISO 14021:2016, our Sustainability Team monitors recycled polyester production, utilising a precise ERP system to verify raw material usage and provide a high degree of accuracy in our recycled content claims. To account for any changes, the recycled content figures are republished on a bi-annual basis, however significant variations in the recycled content levels are not expected over this timeframe.

As of 10<sup>th</sup> March 2025, our recycled content is as follows:

Product	Minimum recycled content
3D Tiles and 3D Ceiling Tiles	72%
Accent Ceiling Tiles	79%
<b>APA</b>	
Black	75%
Grey	57%
White	40%
Cascade™	80%*
Composition®	72%
Cove™	80%*
Cube™	80%*
Drop in Tiles	80%*
Frontier™	80%*
Grid Ceiling Tiles	80%*
Groove™	80%*
Horizon™	80%*
Lanes™	80%*
Lattice	80%*
Loch™	80%*
Mirage™ Textured Panel	80%*
<b>Quietspace® Panel</b>	
Nude	75%
25 mm with Vertiface®	77%
50 mm with Vertiface®	76%
Sordino®	72%
Surface Finishes®	80%*
Symphony®	72%
Vertiface®	91%
Vicinity™	80%*
Verve™ Contoured Panel	80%*

\*Except for Sargazo colourway (at 79.3%)
