

IntelConnect user guide

How to view reports and images

1

Go to our PACS website

To view radiology reports and images on our web-based viewer, open your browser and go to: <https://pacs.alleviaradiology.co.nz/inteleconnect>

This will give you access to reports and images from:

- Allevia Radiology
- MSK Radiology
- North MRI
- Mobile Imaging
- Affinity Medical Imaging
- Reform Radiology

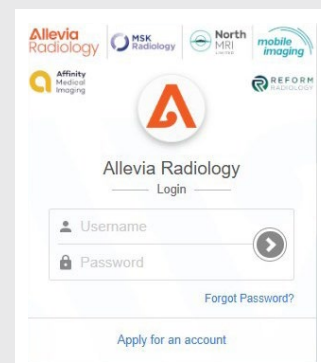

Tip: This can be on any PC, MAC, Tablet or Smartphone.

2

Log in

Log in using your Allevia Radiology username and password. This will be the same login/password that you use for IntelViewer if you already have an account to view images with us.

If you do not have an account, click 'Apply for an account' and follow the instructions.

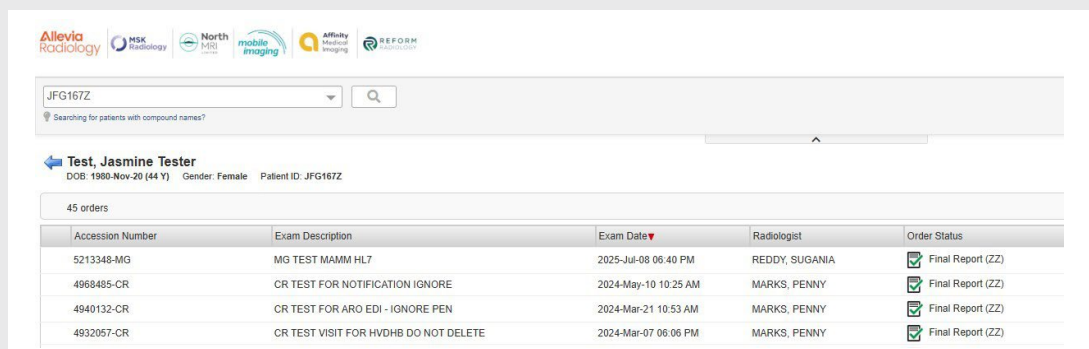

The login screen for Allevia Radiology. At the top, there are logos for Allevia Radiology, MSK Radiology, North MRI, mobile imaging, Affinity Medical Imaging, and REFORM. Below these is the Allevia Radiology logo and the text 'Allevia Radiology Login'. There are two input fields: 'Username' and 'Password'. A 'Forgot Password?' link is below the password field. At the bottom, there is a link 'Apply for an account'.

3

Search for a patient

Use the search box to enter NHI or name (surname, first name) and click the 'Search' icon. This brings up a list of that patient's studies.

The patient search results for Jasmine Tester. The search box contains 'JFG167Z'. Below the search box, there is a table of orders.

Accession Number	Exam Description	Exam Date	Radiologist	Order Status
5213348-MG	MG TEST MAMM HL7	2025-Jul-08 06:40 PM	REDDY, SUGANIA	Final Report (ZZ)
4968485-CR	CR TEST FOR NOTIFICATION IGNORE	2024-May-10 10:25 AM	MARKS, PENNY	Final Report (ZZ)
4940132-CR	CR TEST FOR ARO EDI - IGNORE PEN	2024-Mar-21 10:53 AM	MARKS, PENNY	Final Report (ZZ)
4932057-CR	CR TEST VISIT FOR HVDHB DO NOT DELETE	2024-Mar-07 06:06 PM	MARKS, PENNY	Final Report (ZZ)

If you see a warning about your RIS ID, do not worry – you can still search for patients. To get your RIS ID set-up, please contact our Allevia Radiology PACS Team at pacs@alleviaradiology.co.nz

Your user account does not have a RIS ID. Referred patients cannot be found without a RIS ID. Please contact your radiology provider and ask for a RIS ID to be added to your user account.

4

View your patient list

If you are registered as a referrer with us, and have been set-up with a RIS ID, you can click on 'Patients' and you will be shown a list of patients that you have referred to us. Studies are grouped by patient.

5

Set up notifications (optional)

Having your RIS ID set-up also allows you to configure notifications when reports and images are ready. Click 'Profile' and then go to the 'Notifications' tab. Select the events you would like to be notified via email about.

View images

If there are images available, an image icon will appear in the search results.

Images are available

Click on a patient/study from your search results.

This brings up a preview screen. Double-click on the image to open up the viewer.

You can view other studies for the patient by selecting a study from the study list. Click the 'X' in the top right-hand corner to return to the preview page.

View other studies for same patient by selecting from the list. The study with the star is the study you selected from the search screen.

Click the blue arrow to return to the search page.

7

View reports

If there is a report available, a report icon will appear in the search results.
