

Behringer RD-78 Firmware Update

Version 1.0.16 (3 Jun 2025)

What's New:

- Improved RHYTHM patterns – Now more closely matched to the original unit
- Improved VARIATION patterns – Enhanced accuracy and authenticity
- Pattern editing via SynthTribe – All RHYTHM and VARIATION patterns are now fully editable within the SynthTribe app
- Guiro sound enhancement – Refined for a more natural and classic tone

After updating please perform a factory reset in the app.
