Introducing PADC

Your strategic connection to
Adelaide and beyond. Located 12 km
from Adelaide's CBD and 7km from
the Port of Adelaide. PADC provides
immediate access to the harbour,
interstate rail and road networks.

This is a prime opportunity to
secure your position in this central
industrial hub.

Property Highlights

With highly functional buildings and flexible spaces, there's a lot to like about PADC.

Customisation

- To increase your operational efficiency, PADC gives you the opportunity to implement upgrades as per your individual needs or requirements.

Efficiency

- PADC's comprehensive traffic management plan ensures day-to-day operations run smoothly.
- The centre has designated external loading areas with multiple on-grade loading access points and awnings.
- Significant external truck parking is supported by internal road networks and multiple road crossovers.

Flexibility

- With flexible warehouse sizes, configurations and terms, PADC can move and expand with your business.
- Areas from 1,600m² to 20,500m² are available. Larger options subject to availability.

Security

- Secure and protected; PADC is fully fenced, with nightly security patrols and CCTV cameras to common areas.

Location

Reduce your travel times and increase efficiency. PADC offers direct access to the Port River Expressway and connects you to South Australia's major arterial road network. PADC is located 7km from the Port of Adelaide: Adelaide's primary logistics and trade hub providing easy access to container facilities, general freight, bulk handling and rail intermodal infrastructure.

7km PORT OF ADELAIDE

1km PORT ADELAIDE RAILWAY STATION

12km ADELAIDE AIRPORT

750m PORT RIVER EXPRESSWAY

Location

At PADC, access to Adelaide is just on your doorstep. Located alongside the Port River Expressway, PADC is superbly positioned for efficient distribution – all supported by functional building design and an interconnected road network.

The Opportunities

With 13 separate buildings, PADC occupies a significant 319,500m² of land. Supported by an internal road network with crossovers, there are numerous on-grade loading access points for use. Bedford Street is designated for the movement of B-double and B-triple trucks, whilst external truck parking with specific external loading areas and canopies are available.

9 flexible areas available from 1,600m² to 20,500m². Larger options subject to availability.
