

ESG PERFORMANCE PROFILE

Riggs Washington DC

July 2026

INTRODUCTION

RIGGS WASHINGTON DC

Occupying the historic former Riggs National Bank building in the heart of Penn Quarter, Riggs Washington DC is home to 181 guest rooms and suites, including the signature First Lady Suites inspired by America's First Ladies, Café Riggs, the all-day European brasserie, Silver Lyan by Ryan Chetiyawardana (Mr Lyan), and Rooftop at Riggs, an exclusive private event space with panoramic views across the capital.

Reimagined by Creative Director & Designer Jacu Strauss and the Lore Studio team, Riggs Washington DC honours the confidence and character of its landmark building while giving it a new purpose. Original architectural features sit alongside contemporary design, creating a vibrant destination where exceptional food and drink, design and culture come together in one of Washington DC's most iconic buildings.

RESPONSIBLE BUSINESS COMMITMENT

Riggs Washington DC is part of Lore Group, a collection of seven independent hotels across London, Amsterdam, New York and Washington DC. While each hotel is rooted in its own neighbourhood, we share a commitment to creating places that have a positive impact on the communities around us. This includes monitoring and reporting ESG metrics through FuturePlus and EcoSmart, annual audits with PlusCarbon, Numerical Buildings energy audits and contributing to Lore Groups global partnership with the Made Blue Foundation and EARNT.

Riggs Washington DC utilises gas and electricity. All electricity consumption is renewable, purchased and certified (annually) through Renewable Energy Certificates of Origin.

Certificates of Origin

The hotel is currently participating and compliant with a Building Energy Performance Pathway (BEPS) as part of Washington DC's Energy Efficiency Program (DCSEU). This requires a 20% Energy Intensity baseline improvement (April 2027), including Energy and Water Audits and significant Capital Expenditure investment. All utilities are monitored by a central BMS and reported with CodeGreen for continued building optimisation and efficiencies.

The hotel is audited by Right Rooms ensuring all accessible and wellbeing property features are transparently communicated.

SUSTAINABILITY PARTNERSHIPS

FUTURE PLUS

Is an advanced, tech-led ESG (Environmental, Social, and Governance) management and reporting platform designed to help organizations of all sizes measure, manage, and communicate their sustainability performance. Rather than acting as a static annual auditing tool, it provides a dynamic, real-time score out of 500 based on up to 300 industry-specific indicators across five core pillars: Climate, Environment, Economic, Social, and Diversity & Inclusion.

Future Plus ESG Impact Report July 2026

All Lore Group hotels use the platform which translates our ESG data into actionable roadmaps and reports to drive incremental, positive change in our hotels.

Future-plus.co.uk

RIGHT ROOMS

We work with this initiative ensuring better accessibility in accommodation, following guidelines to create inclusive spaces to cater to the diverse needs of all guests, and to match those seeking accessible rooms to our offerings.

Right Rooms

CODE GREEN

Integrates core sustainable and energy management services and solutions under one umbrella to maximise long term value of built environments. Code Green is part of Pinchin—a trusted leader in environmental, engineering, health & safety, and building science.

Code Green

ENERGY AND ENVIRONMENT ALLIANCE

A global coalition driving environmental sustainability, bringing together hospitality and lodging investors, developers, operators, and asset managers who are committed to improving energy efficiency across the industry.

Eea International

INSITE

This data management tool allows the hotel to optimise performance.

InSite

THE NUMERICAL BUILDING CORPORATION

Is an energy management and decision-engine company that creates digital, minimum-viable simulations of commercial sites. This helps our building managers understand live buildings, optimize energy usage, and plan for capital investment improvements.

LORE GROUP PHILANTHROPY

MADE BLUE FOUNDATION

Lore Group partners with Made Blue Foundation to deliver 100 litres of clean drinking water for every occupied room night across its portfolio. The individual contribution and ongoing impact for Riggs Washington DC can be monitored [here](#):

[Riggs Washington DC X Made Blue](#)

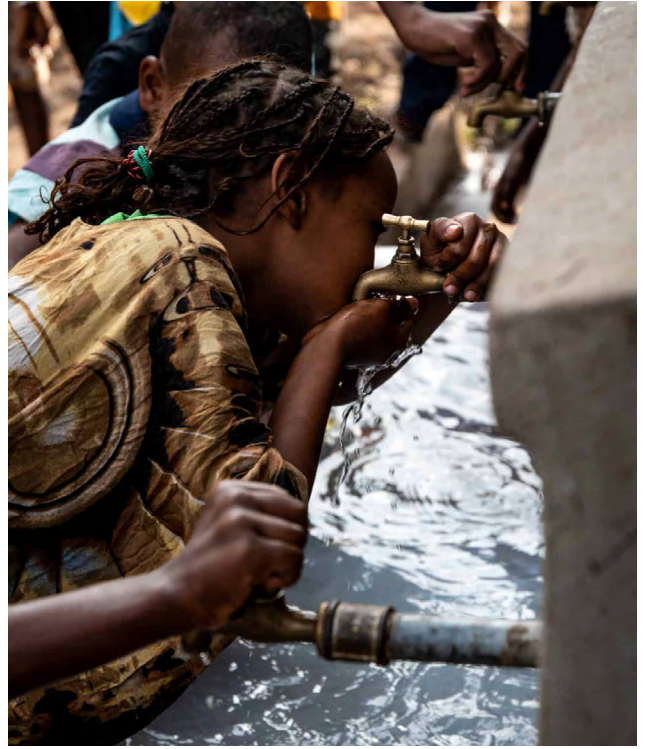

The company—as part of its ongoing efforts to positively address tourism’s role in the world water crisis—have overhauled its policies globally to transform hotel water usage. Groupwide initiatives cover everything from responsible sourcing—requiring vendor certifications for purchased items with a high water-footprint—to intra-team procedures that consciously cultivate water awareness, from

comprehensive training to reporting and back-of-house signage. Water consumption is tracked and audited annually.

[2025 Emissions Summary](#)

On 22 March 2026, World Water Day, Lore Group reached a milestone of delivering 100 million litres of clean drinking water to communities that need it throughout our partnership with Made Blue Foundation.

EARN'T

Earn't – Doing good in exchange for great experiences. We love partnering with this next-gen purpose-driven platform that rewards volunteering with exclusive experiences and limited-edition gifts as part of a building up of our own VIP changemakers database.

Our hotels love lots of local charities, but by picking one in need of hands-on support we invite guests and community members to get involved.

From one-off events to ongoing collaborations, it turns conscious action into meaningful connection and we have now completed seven initiatives with EARN'T including our most recent

Nature in the City event 'Learn to EARN', hosted in London, UK.

Activations include: working with Trans Pride in DC, preparing and packing meals with the Felix Project, giving an East London community centre a glow-up with One Hundred Shoreditch's team; and by working with De Regenboog Groep, Pulitzer Amsterdam and Kimpton De Witt Amsterdam support those experiencing homelessness. As thanks for their gardening through to painting, volunteers are rewarded with overnights to cocktails.
