HOTELS FOR TREES

Started in the Netherlands, expanded across Europe, now our teams participate in annual planting days. We're conscious that a priority in terms of climate solutions is looking at how businesses can support biodiversity, and this is an area where our city hotels can't pull the biggest levers, but we help this Dutch charity dedicated to drawing down carbon dioxide.

comprehensive training to reporting and back-of-house signage. Water consumption is tracked and audited annually.

EARN'T

Earnt – Doing good in exchange for great experiences. We love partnering with this next-gen purpose-driven platform that rewards volunteering with exclusive experiences and limited-edition gifts as part of a building up of our own VIP changemakers database.

Our hotels love lots of local charities, but by picking one in need of hands-on support we invite guests and community members to get involved.

From one-off events to ongoing collaborations, it turns conscious action into meaningful connection and we have now completed seven initiatives with EARNT including our most recent

Nature in the City event 'Learn to EARN', hosted in London, UK.

Activations include: working with Trans Pride in DC, preparing and packing meals with the Felix Project, giving an East London community centre a glow-up with One Hundred Shoreditch's team; and by working with De Regenboog Groep, Pulitzer Amsterdam and Kimpton De Witt Amsterdam support those experiencing homelessness. As thanks for their gardening through to painting, volunteers are rewarded with overnights to cocktails.
