

Adding Social Media Links at the League Level

When setting up your league and seasons in League Central, you can add league-level social media links—not just organization-level links. In League Finder, this gives families a clearer view of your specific program and helps them stay connected beyond registration.

Use these easy steps:

1. Simply click on the “Leagues” tab from League Central. (A)
2. Then choose League information. (B)

3. Scroll down to the page to the Social Media section.

Uncheck the account(s) you wish to update for this league's social media presence. If you want to update any of your organization's social media accounts, visit your [profile settings](#).

Use Organization Social Media Account

Facebook (League)	https://www.tiktok.com/@unitedsportsAA	☐
Instagram (Organization)	https://www.instagram.com/usportsofamerica/	☒
X (League)	Enter twitter URL	☐
TikTok (Organization)	https://www.tiktok.com/@unitedsports	☒
YouTube (League)	https://www.youtube.com/channel/UCXC8SRfQWPesVapTdkXxNxA	☐

- Type in or paste the social media links for your league, where they differ from the organization links (see C & F)
- If you want to retain a Social Media link from your organization instead, click the check box to the right of that channel. (See D.1, D.2, E.1, E.2)
- When you are finished, click "Save," in the top right corner (G)

You will now see your League-specific Social Media links on the League Finder home page for that League.
