NFL FLAG IN-SCHOOL MIDDLE SCHOOL CURRICULUM
Flag football has a lot to offer, from co-ed leagues to competitive tournaments.

Here are five important benefits for kids playing flag football:

1. **No Contact:** Flag football is a non-contact sport, meaning there’s no tackling, diving, blocking, screening or fumbles allowed. Therefore, players aren’t required to wear any heavy equipment, such as helmets and shoulder pads. This creates an approachable atmosphere where kids can learn how to play and develop their skills without the aspect of physical contact.

2. **Accessibility:** Flag football is an incredibly inclusive sport and opens the doors to many players, including female athletes.

3. **Learn the Fundamentals:** There’s a common myth that flag football doesn’t prepare kids for tackle football—and that simply isn’t true. The basic fundamentals taught in flag football directly transfer to tackle, including catching, throwing, formations, routes, and defensive skills. For example, the way defensive players are required to square up their body and align their head and knees is the exact positioning needed to physically tackle an opponent.

4. **Easy Commitment:** With most leagues only meeting once per week, many families happily squeeze flag football into their packed schedules. Typically, teams practice for about 45 minutes before their game, and then the game itself is usually an hour or less. Of course, some high-level competitive leagues offer more playing time, if that’s something you’re looking for.

5. **It’s Fun!** Plain and simple, flag football is loads of fun. With fewer players on the field, there’s more engagement and a faster speed of play. Games are quick, competitive and every drive counts, especially in tournaments. It’s the version of football you loved playing in your backyard—why ever stop?

This NFL FLAG Football curriculum was created for use in middle school physical education classes. The activities in this curriculum are appropriate for use with students between grades 6-8 (ages 11-14) and are designed to be delivered during a standard 40 minute physical education class over the course of two weeks (or 10 lessons). The lessons included in this curriculum are broken down into four sections that mimic actual NFL player preparation processes; Mini Camp, OTA’s, Pre-Season and Regular Season. Each lesson uses a combination of individual and small and large group skill development activities that are in alignment with SHAPE America’s National Standards & Grade-Level Outcomes for K-12 Physical Education.

This unit is specifically designed to help all students:

- Develop & refine motor skills & movement patterns as they relate to flag football;
- Understand & apply concepts and strategies that will enhance student success in flag football;
- Achieve & maintain a health-enhancing level of physical fitness;
- Exhibit responsible personal & social behavior;
- Recognize the value of physical activity for health, enjoyment, challenge & social interaction.
The middle school years provide a platform for students to refine their previously learned fundamental motor skills and movement patterns and begin to apply them in a wide variety of physical activity contexts. The students are now ready to learn more complex, sport-specific skills, concepts and strategies that will allow for success in small and large-sided or modified games. This unit will focus on developing, refining and mastering the following skills, concepts and strategies as they relate to flag football:

**Concepts & Strategies**
- Basic Offense
- Basic Defense
- Line of Scrimmage
- Down & Distance
- Player Positions
- Decision Making

**Skill Progressions**
- Throwing/Passing
- Catching
- Kicking/Punting
- Ball Carrying
- Route Running
- Defense

**National Standards & Grade-level Outcomes:**
S1.M2.7, S1.M3.7

**Lesson Objective(s):**
By the end of this lesson the students will be able to demonstrate and describe the proper cues for throwing a football as a quarterback.

**Lesson Length:**
40 Minutes

**Equipment Needed:**
Footballs, poly spots, 3 large buckets

**Essential Question (related to objective):**
Why is it important for the QB to step towards their target when they throw?

**Safety Standard:**

| Instant Activity        | 5 min | Star Drill – One student will begin in the middle of the star. He/she will sprint forward to cone, and backpedal to the middle, sprint to the next cone to the right, back pedal back to the middle. Repeating until they have gone all the way around. Once a whole rotation is complete, another student hops into the middle and take their turn. | Paint the picture that students are playing defense and they need to move/change directions quickly. When back pedaling, use these cues:  
• Short choppy steps  
• Keep center of gravity. | Modify task by taking students to the side of the group and having them respond to verbal direction to change direction 1:1 with the teacher allowing for different speeds and distances. |

**Skill Development Activity**
10 min  
Passing & Catching Practice – During this time students will partner up and practice passing and catching in their own space.  
Encourage the students to use a three step drop before passing the football.

Quarterback Throwing Cues:
• Get a grip  
• Side to target  
• Ball to ear  
• Step to target (with opposite foot)  
• Rotate the hips & extend throwing arm  
• Follow through (down and across body)

Prior to partner work, teacher may also demonstrate a three step drop for the quarterbacks.  
Practicing this will help simulate a more authentic (dynamic) form of practice.

When a cone is knocked over, put it back upright and keep playing. See how many cones they knock over before teacher stops play. | Give the students the following cues for kicking:  
- Step towards the ball with kicking foot  
- Extend arms  
- Plant opposite foot even with ball  
- Kick lower third of the ball  
- Contact ball with shoe laces  
- Lean back (slightly) as you kick  
- Upward & forward (kicking leg follow-through) | Observe skill cues and provide individualized reteaching when appropriate. |

### NFL FLAG Football
#### Middle School Curriculum

| Skill Development Activity | 10 min | Partner Place Kicking Practice: Students will partner up, grab a football, a flag belt, and a kicking tee. And line up across from each other 30 yards apart. One partner will be the kicker and the other partner will catch/field the kick and run it back to the tee. Students will switch roles each time. | Give the students the following cues for kicking:
• Step towards the ball with kicking foot
• Extend arms
• Plant opposite foot even with ball
• Kick lower third of the ball
• Contact ball with shoe laces
• Lean back (slightly) as you kick
• Upward & forward (kicking leg follow-through) | Provide practice steps in isolation for students who have not mastered the entire sequence. |
| Skill Development Activity | 10 min | Partner Punting Practice: Students will stay with the same partner. And line up across from each other 30 yards apart. One partner will be the kicker and the other partner will catch/field the kick and run it back to the tee. Students will switch roles each time. | Cues for punting a football:
• Arms out
• Laces up
• Step & drop
• Contact ball with shoe laces
• Upward & forward (kicking-leg follow-through) | Introduce the concept of punting on 4th down and describe why a team may decide to punt. |
| | | Special Teams Tag: Students will use the same set up, only this time when the ball is kicked/fielded, the kicker will chase the returner and try and pull their flag. Once their flag is pulled (or the teacher stops play after 30 seconds of chasing) the students will switch roles and get ready to start another round. After each student has place-kicked, instruct the students to punt the football to the returner. | Introduce the concept of special teams
Remind the students to use the proper cues for kicking/punting a football.
Give the returner the cue of “elbows in” for catching the high kick/punt. | If students struggle with punting the football successfully, use a different ball. |
| | 5 min | Skill Recap & Check for Understanding | Refer back to objectives and ask students to verbally describe the cues for kicking & punting a football. Also ask for an answer to the essential questions. | Ask students to demonstrate the skill form without a ball for teacher/partner observation |
Lesson 6  OTA’s – Basic Offensive Strategies

Grade Level:  
6-8 (14U)

National Standards & Grade-level Outcomes:  

Lesson Objective(s):  
By the end of this lesson, the students will be able to correctly demonstrate and describe the concept of creating space between themselves and the defense for the purpose of catching a pass

Lesson Length:  
40 Minutes

Equipment Needed:  
Footballs, cones, flag belts, flip charts.

Essential Question (related to objective):  
Why is it important for the wide receiver to create space between them and the defense?

Safety Standard:  
S4.M7.7 – Uses class equipment appropriately and safely

| Instant Activity            | 5 min| Ladder Drills: As the students enter the gym, direct them to a ladder where they can run through some agility drills. Have them start by doing high knees through the ladder putting both feet in each rung of the ladder.| Cues for successful ladder drill participation:  
  • Knees up high  
  • Pump the arms  
  • All the way in all the way out | Have enough ladders set out so students don’t wait in line long.  
Have different pathways readily available to challenge kids. |

Skill Development Activity  
10 min  
Bump & Go: Put students in groups of 4. Two students lined up single file on one side, and the other two students in the group about ten yards apart lined up the same way. The first two students in each line will jog towards each other like they are going to block each other, when they get to each other, they will both break to the right (away from each other) and continue on to catch a pass from the second person in line. After they catch the ball, they will get in line to be the passer (QB) on the other side. Continue to rotate roles.  

Use this time to talk about how creating space is a valuable offense strategy that WRs use so that it’s easier for them to get open a catch a pass from the QB.  
Reiterate to the students that they should plant and explode off the foot that is opposite the direction they will go.  

After each person has completed a repetition, have the receivers run any one of the 6 pass routes they have already learned, hook, slant, go, post, flag & drag.

| Instant Activity | 10 min | Buzz & Rip: As students enter the gym, they will get a partner, a flag belt and a football. The teacher will play music for 30 second intervals while the students play catch. When the music stops, the student who has the ball must run from their partner, who will buzz, breakdown & rip their flag off. Allow 30 seconds for each “chase” before starting the music again. | Buzz Technique  
• Close the gap  
• Short, choppy steps  
• Breakdown & rip (the flag)  
Breakdown Position  
• Feet – Feet shoulder-width apart  
• Squeeze – Proud chest, shoulders back  
• Sink – Knees bent, forward lean, chin up & over the toes  
• Hand - Elbows bent with forearms parallel to the ground; hands and fingers are loose | Teacher will provide feedback based on observation during the warm up and consider the need for class review based on observation. |
| Skill Development Activity | 10 min | Shadow Routes: Divide students into groups of 3, get a football and get into their own space. One student is the QB, one the WR, and one on defense. The QB and WR will huddle and decide which pass route to run. They will come to the line of scrimmage, the QB will give the cadence, and they will run the play and try to complete a pass while the defense tries to deflect the pass. | Cues for Good Defensive Play:  
- 5 and 1 (5 steps off, one step inside)  
- Staggered feet  
- Backwards first  
- Cut grass (back pedal)  
- Forward lean & chin over toes  
- Eyes up  
- Run with the receiver  
- Break on the ball | Give the defense the goal of not allowing the WR to get behind them.  
Challenge defenders to stay within 5, 3, or 1 step(s) of their opponent to change the difficulty level |
| Lead-up Game | 15 min | Defensive Play Book Design: During this time each group of 5 will get a flip chart and a marker. Each group will diagram and practice at least 4 different defensive alignments that will successfully defend a pass play or a run play. | Introduce the concept of taking up space as a team to make it difficult for the offense to get open.  
Give them the hint that the offense can only run 6 different routes. | Provide feedback to each teams’ playbook as you circulate through the activity.  
Give teams time to consider the feedback and revise. |
| Closure | 5 min | Skill Recap & Check for Understanding | Have each group demonstrate one defensive alignment to the class. | Prompt students for answers to the essential question. |
