

Never leave a claim *on the table*.

Medical Integration is an optional feature that tracks aggregated spending on your supplemental health plans from The Hartford, including accident, critical illness, and hospital indemnity, and personally guides you through filing a claim.

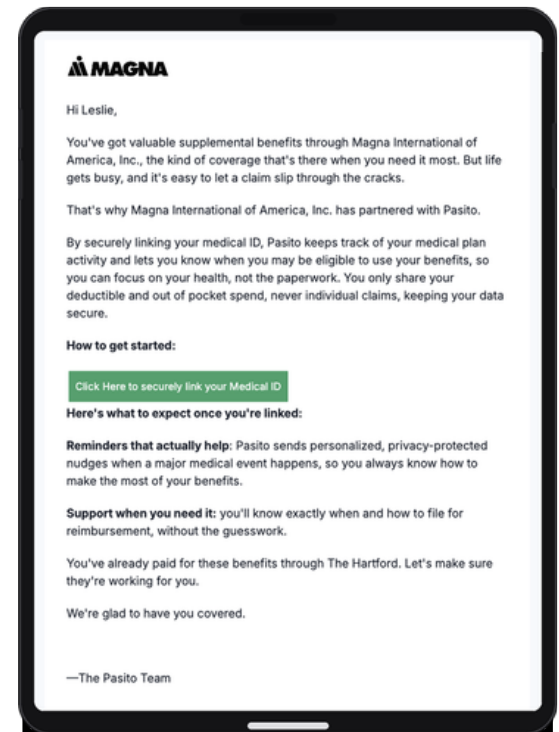

How it works

Start by connecting your medical ID through a short, secure form. It takes under a minute, and Pasito never shares your personal information.

From there, Pasito tracks large, aggregated medical expenses and reaches out with clear next steps when one is identified.

What you'll need to connect:

- Your first and last name
- Your date of birth
- Your Member ID, found on your insurance card

You'll receive an email like this with your secure link to connect

Three simple steps

1

You opt in and connect your Medical ID

Click your secure link, then enter your name, date of birth, and Member ID from your insurance card. You're always in control and can opt out at any time.

2

Pasito privately tracks aggregated spending

Once connected, Pasito tracks your aggregated out-of-pocket spending each month, never your individual claims data. Pasito never sees your diagnosis, treatment, or medical records, only whether spending crosses a level that may indicate a large medical expense.

3

You get a personal nudge and step-by-step guidance

When Pasito identifies a large expense, you'll receive a direct message by email or text explaining which benefit may apply and walking you through exactly how to submit your claim.

Ready to turn it on?

Scan the QR code now! Or you'll receive a secure communication from Pasito in 2027 with a link to opt in

Do I have to do anything else after I connect?

No. Once your Medical ID is connected, Pasito tracks your spending automatically. You'll only hear from Pasito if there's a large expense that may be worth submitting a claim for.

What if I don't want to participate?

Medical Integration is entirely optional. If you skip the secure link, you simply won't receive claim nudges. Everything else about your benefits stays the same.

Pasito values your privacy

Pasito never sells your personal information and never shares your details with **Magna International** or your colleagues.
