

# VSP Diabetic Eyecare Plus Program<sup>SM</sup>

As the only national not-for-profit vision care company, VSP<sup>®</sup> Vision Care is committed to providing members with the best care. If you have diabetic eye disease, glaucoma, or age-related macular degeneration (AMD), you can receive your routine eye care and follow-up medical eye care services from your VSP doctor. You can also receive preventive retinal screenings if you have diabetes, but don't show signs of diabetic eye disease.

## Protect your eyes with a WellVision Exam<sup>®</sup>.

A WellVision Exam is the most thorough eye exam available and allows your VSP doctor to identify the early onset of medical conditions. If needed, your doctor can begin to provide monitoring and treatment that can help prevent vision problems and coordinate with your primary care physician to ensure you're getting the best care.

## It's easy to use.
