

INTRIGUE^{AI}

AUDIBEL

Engineered from the inside out to be **waterproof**

Intrigue AI introduces an all-new design for maximum quality and durability. Every rechargeable Intrigue AI product is waterproof* thanks to our **Pro8 HydraShield™** technology.

More robust circuit sealing and processes enhance durability.

Internal microphone mesh barrier provides final layer of defense.

Recessed and Kevlar-reinforced receiver cable withstands daily handling.

Redesigned acoustic ports impede the entrance of foreign materials.

Full silicone seal of case parts and charge contacts repels moisture.

Internal and external protective coating adds a final layer of protection.

Completely enclosed Li-Ion battery module creates another layer of protection from moisture ingress.

Continuous overlapping enclosure design provides a tighter seal.
