A complete style portfolio makes effortless hearing the expectation.

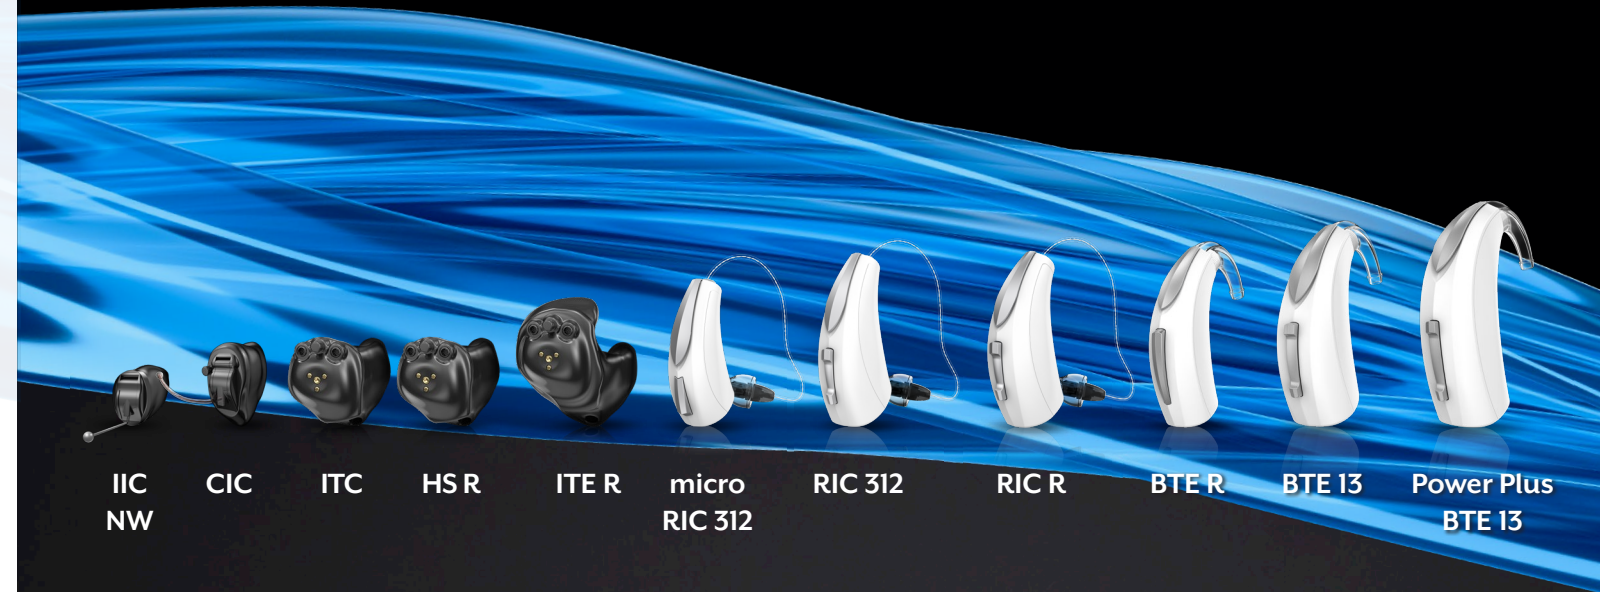

We're combining our exceptional Starkey Sound™ with the world's most innovative complete family of hearing technology.

Custom craftsmanship and innovation have led to an effortless hearing experience. Patients now have a complete line of hearing aid options that fit seamlessly into their unique lifestyles. From our smallest to our most powerful, we've cracked the code for our hearing aids to be effortlessly perfect.

A range of styles for your patients' specific needs.

A complete family of hearing aids lets you effortlessly fit every style for every patient.

Clearer sound. Less background noise. Effortless hearing.

Evolv AI introduces our most advanced hearing aids that seamlessly fit into your patients' lives.

2-Way Audio **ENHANCED**
Included in every wireless style, 2-Way Audio now allows patients to take and end calls directly from their Evolv AI hearing aids instead of their Apple device.

Battery Performance **ENHANCED**
Re-engineered for 17% higher rechargeable battery capacity and up to 50% less current drain in noisy conditions.

Edge Mode **ENHANCED**
Putting AI into every patient's hands with on-demand features like Edge Mode has proven speech audibility advantages. Now enhanced to offer even clearer sound in cars and other vehicles.

Fall Alert
With significant improvements and expanded datasets, Fall Alert now provides even more accuracy in detection than ever before.

Reminders
Patients get reminder and calendar alerts directly through their hearing aids.

TeleHear **ENHANCED**
Easier-to-use remote programming offers even more flexibility and fine tuning when virtually making adjustments to patients' hearing aids.

Do more with Thrive
With the industry's first health monitoring feature

The Thrive Hearing Control app delivers powerful features that are designed to help patients monitor activities to live healthier — while Hear Share provides peace of mind for caregivers.

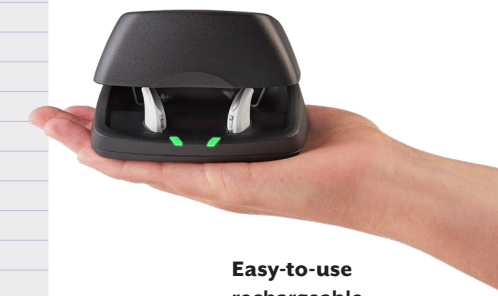

*Compatible with iPhone 11, iPhone 11 Pro, iPhone 11 Pro Max, and later, as well as iPad Pro 12.9-inch (5th generation), iPad Pro 11-inch (3rd generation), iPad Air (4th generation), and iPad mini (6th generation).

Effortless intelligence

Our latest technology provides superior sound quality plus advanced features and capabilities.

The 2.4 GHz Accessories your patients love

Patients connect effortlessly to their world with our versatile line of accessories.

Table Microphone
Make group settings easy with eight built-in microphones that stream the primary speaker's voice directly to your patient's hearing aids.

Remote Microphone + & Mini Remote Microphone
Enables easy audio streaming and one-on-one conversations in noisy environments.

TV Streamer
Allows patients to easily stream audio from their TV or other electronic audio source directly to their hearing aids.

Remote
Easily control memory and volume, mute hearing aids and turn other special features on and off.

Premium Standard & Custom Charger
With up to three full charges, our chargers let patients know when their rechargeable hearing aids are charged, automatically turning the devices on when removed from the charger.

Mini Turbo Charger
In just seven minutes, our pocket-sized charger provides 3.5 hours of power and can completely charge RIC R or BTE R hearing aids up to four times.

*Available on RIC R, RIC 312 and BTE 13.
