

Better Hearing Program

Starkey was founded on the principle of helping the world hear one patient at a time. The core of our culture is providing a better and more equitable life experience to those who have hearing loss. Caring is our foundational value and Starkey Cares is our public commitment to bringing people together under the common bond of caring for one another.

What is the Better Hearing Program?

We believe everyone deserves access to hearing health. The Better Hearing Program provides hearing aids and hearing care to patients who have financial need.
