# Quality in... quality out

Your professional expertise is critical when selecting the best solution for a patient. Many factors and considerations come into play when determining if a patient is a custom hearing aid candidate, including:

- Audiogram
- Dexterity
- Ear anatomy and history
- Lifestyle

Ultimately, **the patient has come to you** to weigh all considerations—physical, audiological and lifestyle priorities—and recommend a solution that delivers both success and satisfaction.

**A superior custom product fitting starts with a high quality ear impression.** Making a perfect impression requires proper technique, attention to detail, and repetition.

As the custom hearing aid experts, we know a thing or two about making accurate, precision-tested impressions—and how good impressions can also be used to make earmolds, custom cases, hearing protection solutions and more.

Scan the QR code or go to [AudibelPro.com](https://AudibelPro.com) for support materials, how-to videos, and more.

**Developed with help from Audibel's most experienced impression takers**, these tools provide best practice tips perfected from shooting thousands of impressions in our Center for Excellence.

# My Audibel App

*Easy as it gets. Powerful as you need.*

MyAudibel

## Focus on benefits

Aris AI and Vitality AI wireless hearing aids can connect via Bluetooth® technology to the My Audibel app.

- **Hear better anywhere**

Make instant adjustments for clearer speech and reduced noise – even in the toughest listening environments.

- **Get tips, tools, and resources**

Adapt to hearing aids faster with quick how-to's, tips, and videos. All tailored for where the hearing aid wearer is on their hearing journey.

- **Monitor health and wellness**

Monitor daily hearing and physical activity to help stay healthy. Set and achieve goals for hearing, steps, exercise, and beyond.

- **All from the palm of your hand or wrist**

Change programs and adjust volume quickly and easily on a compatible Apple Watch. Visit the Learn section within My Audibel for installation instructions.

## How to download

1. Open the **App Store**  on Apple devices or **Google Play**  on Android devices.
2. In the search box, type  **My Audibel**.
3. Tap **GET** on Apple devices or **INSTALL** on Android devices. This will download the app to the compatible device.

*To learn more visit  
**AudibelPro.com***

# Other Apps

*Enhance the capabilities of our hearing aids and simplify daily life with our lineup of popular hearing apps.*

## Thrive

Gives Arc AI wearers full control over their hearing aids, allowing them to:

- Make quick adjustments and create custom memories.
- Monitor health and engagement.
- Stream phone calls, music, and more.

## SoundCheck Live

Helps anyone gain awareness of noise exposure and the importance of protecting hearing by:

- Measuring sound levels around them using the built-in sound level meter.
- Learning about environmental noise's impact on hearing and how hearing protection devices like SoundGear can help.

## Hear Share

Works with My Audibel or Thrive apps to allow wearers of Aris AI, Vitality AI, and Arc AI to:

- Share information about hearing aid usage, social and physical activity progress, safety, and more—with the people they choose.
- Provide peace of mind for patients and their caregivers.

# Hearing Protection

Be your community's full-service hearing care expert by offering hearing protection products from SoundGear. SoundGear products come in a variety of electronic and non-electronic solutions.

## Electronic Solutions

### PHANTOM Custom Fit Electronic

World's first custom, rechargeable, and Bluetooth® compatible hearing aid and protection device. Up to 30 dB gain.

### ALL-NEW SHIELD

Small, light and ready to take everywhere delivering dynamic digital hearing protection anytime you need it.

**93 dB** | Part No. P00001867

**80 dB** | Part No. P00001866

### Silver Custom Fit Electronic

ITE custom fit electronic molded to each individual's unique ear. Up to 30 dB gain.

### Racing Receiver

Custom design allows for maximum comfort and durability for amateur and professional drivers to experience quality one-way listening communication.

### Foam Buds Assorted for Shield

Part No. P00009810 (6pk)

### Replacement filters

**Filtered earplug:** 10 dB, 17 dB, 26 dB, Impulse, Total block  
**High-Frequency (Hock):** Part No. 50293-000

### SoundGear Black Lanyard

Variety of lengths available

### SoundGear Zipper Pouch

Part No. 91289-007

# Hearing Aid Earmolds

As the leader in customization, Audibel understands offering your patients an expansive portfolio of hearing care solutions specific to their needs is key.

## Material Options

<b>Digital SLS</b> Acrylic	• RIC • BTE & Thin Tube • Specialty*	• One color	<b>Most Rigid</b>
			90 Shore
<b>High Strength Silicone 60</b>	• RIC • BTE & Thin Tube • Specialty*	• Swirl (max. 3 colors) • Glitter option	60 Shore
<b>High Strength Silicone 40</b>	• RIC • BTE & Thin Tube • Specialty*	• Swirl (max. 3 colors) • Glitter option	40 Shore
<b>Floatable</b> Silicone	• Swim earplug (SoundGear only)	• Swirl (max. 3 colors)	25 Shore
			<b>Softest</b>

## Venting Guide

This guide is applicable for all hearing aid earmolds.\*\*  
Vent size is limited by ear anatomy.

Vent Name	Approximate Size
Pressure Vent	0.8 mm
Small	1.2 mm
Medium	1.8 mm
Large	2.55 mm
Select-A-Vent	3.37 mm
Extra Large	As large as canal allows

## Specialty Solutions

**HA Listening Test Mold**  
Digital SLS

A shell or skeleton style earmold with a tubing attachment for listening to ITE/ITC/CIC/RIC style and BTE hearing aids for listen checks.

**Stent Mold**  
Digital SLS

A hollowed shell of canal style earmold to hold the ear canal open.

## RIC Solutions

### RIC Earmolds Digital SLS / HS Silicone 60 / HS Silicone 40

Available for both SnapFit 2.0 and SnapFit Receivers

### Custom Cased or Absolute Power (AP) Receivers Digital SLS

## Color Options\*

Our earmolds come in a variety of color options. Some colors appear differently in certain color families based on material type.  
**Swirl combinations are also available using up to three colors.**

**Digital SLS**

**HS Silicone 60**

**HS Silicone 40**

**Glitter**

**Floatable\*\***

**Pro Tip:** Adding White as one of the three colors within a color swirl combination will help separate and make the other color choices "pop."

**Color combinations to avoid:**

- 'Light' colors combined in Swirl or 'Light' colors combined with 'Clear'
- Similar colors combined in Swirl

## BTE Solutions

### Thin Tube Earmolds Digital SLS / HS Silicone 60 / HS Silicone 40

### Traditional Earmolds Digital SLS / HS Silicone 60 / HS Silicone 40

# Business Solutions

*In addition to our industry-leading products, we offer a full suite of business solutions designed to keep your practice thriving.*

## Business Equipment

State-of-the-art diagnostic equipment is essential to providing the best patient experience at your practice. With the help of our Business Equipment Services, it's never been easier to find and maintain the right solutions for all your testing and fitting needs— all in one place.

**Equipment includes (but not limited to):**

- **Audiometers**
- **Tympanometers**
- **Fitting equipment**
- **Combination units**
- **Video otoscopes**
- **Supplies**
- **Sound rooms/enclosures**

## All Make Repair

Our All Make Repair department services hearing aids that are damaged and out of manufacturer's warranty. This even includes hearing aids by manufacturers no longer in business. **Our team is here to help with the following:**

- **All Make Repair estimates**
- **Reconditioned aids orders**
- **Miscellaneous parts and accessory orders**
- **Analog aids**
- **Body aids**
- **Bone conduction aids**
- **All Make Salvage Program**
- **Hearing Aid Recycle Program**

## Batteries

Not only does every battery purchase deliver a positive jolt to your bottom line, each visit to your office for batteries is one more chance to build loyalty and generate referrals from your patients.

- **Drive retention**  
Returning patients are more likely to purchase upgrades, warranties and accessories from you due to the ongoing care and service that you provide.
- **Build loyalty**  
Superior aftercare will lock in your existing patients rather than allowing them to go to your competition for their future hearing healthcare needs.
- **Boost prospects**  
Use battery promotions to attract new patients to your practice.
- **Protect patients' investment**  
High quality batteries protect your patient's investment and enhance your patient/provider relationship.
- **Make the right selection**  
Choose from long-lasting customized or branded batteries, depending on your business goals.

*Scan to purchase.*
