App compatibility

Genesis AI RIC 312 and CIC are compatible with our My Starkey patient app and Hear Share caregiver app.

 Download on the App Store

 GET IT ON Google Play

My Starkey patient app

Gives patients control over their hearing aids, plus the ability to get tips, track their health, and access intelligent features designed to simplify their lives.

Hear Share caregiver app

Provides peace of mind for caregivers and more independence for hearing aid wearers.

Pairing Genesis AI with Starkey's popular apps gives patients a long list of extra features, including:

Edge Mode+

Uses AI to optimize sound quality on-demand for either clearer speech or improved listening comfort.

Health monitoring

Uses the science of the ears to accurately count steps, track engagement and help wearers achieve well-being goals.

Fall detection

Starkey is still the only manufacturer with hearing aids that can detect falls and alert family and friends.

See the **Wireless Accessories & Mobile Apps** booklet for more details

Update firmware

In addition to you now being able to update Genesis AI firmware in your office in as little as three minutes, your patients can quickly and easily update it from the comfort of their home.

When a firmware update is available, a notification appears on their My Starkey app Home screen. To install the update, they need to tap this notification then follow the instructions on the app screens. Instructions involve:

- **Taking off their hearing aids**

- **Placing them next to** their smartphone or other device

- **Leaving their app open** and waiting for the update to complete

Reminder: You or your patient can also access any outstanding firmware updates by tapping My Hearing > My settings > About my hearing aids.
