Custom Craftsmanship

evolv^{AI}

Discover the world's
most innovative
hearing technology.

Introducing Evolv AI, Starkey's best sounding custom hearing aids.

Our most advanced hearing technology gives you the best Starkey Sound™ yet in custom devices, making hearing effortless.

Evolv AI hearing aids are handcrafted and customized to fit your unique ear anatomy. Loaded with our most innovative technology and clearest sound, these hearing aids seamlessly connect to your lifestyle.

Expertly
designed
for the life
you love.

At Starkey, we're known for our industry-leading custom artistry and the industry's first custom rechargeable. Evolv AI is our best sounding hearing aid ever, handcrafted and personalized for your unique ear.

These discreet and powerful devices have water-resistant coating to resist dust, moisture, and humidity ensuring your custom hearing aids last a long time.

Handcrafted styles.

Clearer sound.
Effortlessly everything.

Exceptional sound quality in a full line of handcrafted hearing aids. Now that's what we call effortless hearing.

Customization and innovation have led to an effortless hearing experience. With up to 55 million personalized adjustments every hour, our always-on, always automatic approach delivers realistic and genuine sound quality in every listening environment without the need to do anything extra.

Noise Energy

Compared to previous technology, with Evolv AI providing an additional 40% reduction in noise energy designed to reduce listening effort, your sound quality is better than ever.

2-Way Audio

Now, you can take and end calls directly from your hearing aids instead of your Apple device. Plus, hearing aid microphones pick up and stream your voice directly back to iPhone and iPad,* allowing you to seamlessly talk hands-free.

Edge Mode

Hearing better in challenging listening environments is easy with our friendly, on-demand Artificial Intelligence feature that works with or without the Thrive app.

TeleHear™

Remote programming offers even more flexibility and fine tuning wherever you are. By consulting with your hearing professional virtually, you can easily make adjustments to your hearing aids.

*Compatible with iPhone 11, iPhone 11 Pro, iPhone 11 Pro Max, and later, as well as iPad Pro 12.9-inch (5th generation), iPad Pro 11-inch (3rd generation), iPad Air (4th generation), and iPad mini (6th generation).

A style
crafted just
for you.

**You want hearing aids
that are discreet, stylish,
and effortless, right?**

Well, with our custom craftsmanship, Evolv AI offers a complete line of hearing technology that's smartphone compatible, fit to your unique ear anatomy, rechargeable or non-rechargeable, and adapts seamlessly to your everyday life.

Your hearing professional will help find the style that works perfectly for you, so you can wear your hearing aids with confidence and easily experience life to the fullest.

Customized hearing solutions for every need.

In-ear Solutions

Custom molded to your
unique ear canal.

evolv^{AI}

Effortlessly connect to the life you love.

You expect your hearing aids to fit perfectly with your lifestyle. With improved connectivity, the best streaming sound quality, and remote programming improvements, Evolv AI does exactly that. Connect to a life well lived.

The Thrive Hearing Control app provides easy, personalized control.

Fall Alerts

Fall Alert now provides even more accuracy in detection than ever before.

Reminders

Get calendar and reminder alerts directly through your hearing aids.

Our wireless accessories make hearing effortless.

Connect effortlessly to your world with our versatile line of accessories.

1. Remote Microphone + Mini Remote Microphone

Both enable easy audio streaming and one-on-one conversations in noisy environments.

2. Remote

Easily control memory and volume, mute hearing aids and turn other special features on and off.

3. TV Streamer

Allows you to easily stream audio from your TV or other electronic audio source directly to your hearing aids.

4. Table Microphone

A multi-functional device designed to improve listening in group gatherings or noisy restaurants. It also functions as a TV streamer or even a body-worn remote microphone.

5. Custom Charger Premium Custom Charger

With up to three full charges, our chargers let you know when your hearing aids are charged, automatically turning the devices on when removed from the charger.
