

PC-based diagnostic

Cello Evolution

High-frequency audiometry

Maestro Control Panel

PERFECT MATCH

PC-based diagnostic **Cello Evolution**

Cello is a computer-controlled diagnostic audiometer, capable of performing fast and accurate air, bone and speech audiometry exams, as well as several additional tests including QuickSIN™, HF audiometry and VRA and CPA tests with video or toys reinforces. Cello is ideal for anyone unwilling to compromise on comfort and user experience.

MAESTRO CONTROL PANEL

The synergy of Cello and the Maestro Control Panel can significantly enhance your audiology practice. The Maestro Control Panel optimizes the Maestro software's capabilities, particularly during audiometric tests.

Simply connect Cello and the Maestro Control Panel to your computer via USB; enabling you to effortlessly manage Maestro software during VRA and CPA exams. Dedicated buttons allow you to choose toys and oversee the assistant monitor seamlessly.
