

GENESIS^{AI}

**Wireless Accessories
& Mobile Apps**

StarLink

Wireless Accessories

Stay connected to the world.

Our versatile line of **2.4 GHz StarLink accessories** connects wireless Genesis AI hearing aids to most modern smartphones, televisions or media devices — so patients can easily stream phone calls, music, voice assistants and more.

Table Microphone

- Enhances listening in group settings like meetings, family gatherings or noisy restaurant environments.
- Place it in the center of a table and the eight built-in microphones will home in to the primary speaker's voice and stream it directly to the Genesis AI hearing aids.

TV Streamer

- Streams audio directly from TVs or other electronic audio source directly to Genesis AI hearing aids.
- Easy to use and supports both analog and digital input sources.

Remote Control

- Lets user control memory and volume, mute hearing aids, and turn other special features on and off.
- Ideal for patients with older mobile devices.

Remote Microphone +

- Provides extra listening assistance in noisy environments to hear one-on-one conversations.
- Easily streams binaurally from a variety of audio sources, including Bluetooth®, Telecoil, FM or Line-In.

Mini Remote Microphone

- Enhance one-on-one conversations in noisy environments with this small remote mic.
- Clips onto the clothing of the person being spoken to.
- Can be used as a TV streamer by placing near the sound source.

or Hear Share
app here**

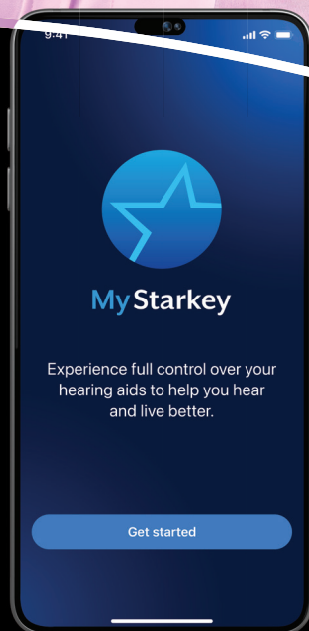

ALL-NEW

My Starkey app

Designed with the input of hearing aid wearers, My Starkey easily pairs with Genesis AI hearing aids to help patients enjoy greater listening moments, improved wellbeing, and easier daily living. All from the palm of their hand. It's optimized for readability and places the most-used features right where patients need them.

My Starkey user-friendly features:

Hearing control

Adjust hearing aid settings, stream calls and more.

Edge Mode+

Uses AI for on-demand sound quality optimization.

Fall detection

Detect falls and alert family or friends.

Personal health monitoring

Count steps, track engagement and achieve health goals.

Binaural streaming

Enjoy real, not fake, binaural streaming.

Patient education

A complete library of fresh "How-to" videos.

Translate

Translate 77 languages in real time directly through the hearing aids.

Smart Assistant

Voice activated audio adjustments, reminders, answers to hearing aid topics, and more.

Reminders

Scheduled tasks, appointments, and more can be streamed right to the hearing aids.

Thrive Care is now Hear Share

Increase patients' independence and caregivers' peace of mind with the only app that lets wearers share select progress markers with friends and family members, including:

- Their latest strides in hearing aid use.
- Physical activity and social engagement goals.
- Fall alerts and notifications.
