Compatible with **Omega AI** and **Edge AI** wireless hearing aids

StarLink Edge Remote Microphone

Small and rechargeable, this makes it easy for you to enjoy one-on-one conversations in noise by clipping it to a companion's shirt or placing it on a table. Instantly starts/stops streaming to your hearing aids the second it's powered on or off. Also works as a remote control.

StarLink Edge TV Streamer

Future-proof and Auracast™ ready, the Edge TV Streamer uses Bluetooth Low Energy (LE) Audio protocol to automatically stream audio straight from a TV to paired LE Audio-enabled hearing aids.

StarLink Edge Table Microphone

Ideal for seated, multi-speaker gatherings, this features rechargeability and eight built-in microphones to help you hear whoever is speaking by streaming their voice directly to your hearing aids. Use it to stream other audio sources as well, by placing it near what you want to hear. Features start/stop streaming the moment you power it on or off.

StarLink Remote Control 2.0

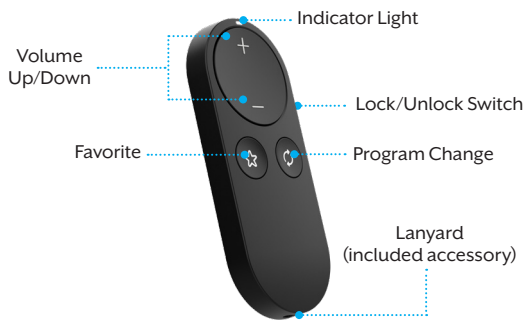

Designed for maximum simplicity, this remote lets you easily control volume, change programs, and quickly access a favorite feature. Includes replaceable cell battery and lanyard.

Compatible with G Series AI and Genesis AI wireless hearing aids

StarLink Table Microphone

A multi-functional device designed to improve listening in group gatherings or noisy restaurants. It also works as a TV streamer or body-worn remote microphone.

StarLink Remote Control 2.0

Designed for maximum simplicity, this remote lets you easily control volume, change programs, and quickly access a favorite feature. Includes replaceable cell battery and lanyard.

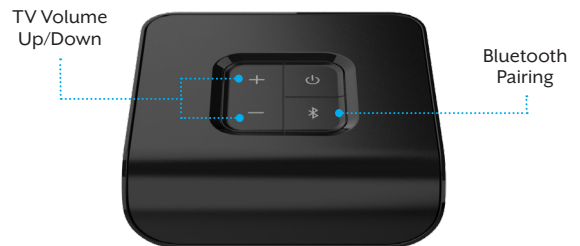

StarLink Remote Microphone+
