

Muse iQ | Picasso™

SurfLink® Accessories

Innovative solutions for
900 MHz wireless products

Convenient connectivity

Our Starkey® wireless hearing aids wouldn't be complete without our popular SurfLink accessories.

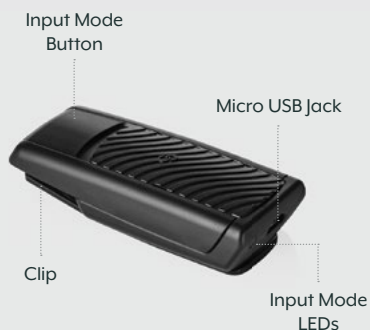

With more and more wireless products on the market, making connections between devices can be challenging.

To navigate listening environments with high wireless traffic, our 900sync™ technology provides a powerful solution. Its high bit-rate streaming allows for ear-to-ear phone streaming and offers wireless capabilities for single-sided hearing loss.

SurfLink Remote Control

Our SurfLink Remote Control lets you control memory and volume, mute your hearing aids and turn other special features on and off.

SurfLink Remote Microphone 2

Our discreet, lightweight **SurfLink Remote Microphone 2** is worn by a conversation partner to help in one-on-one conversations in difficult listening environments.

SurfLink Mini Mobile System

SurfLink Mini Mobile System is a small and simple cell phone streaming solution. With this device, you can connect any Bluetooth®-ready device to your Picasso® or Muse™ iQ hearing aids.

- Plug the **Mini Mobile Adapter** into the bottom of the **SurfLink Remote Microphone 2** (shown left)

SurfLink Media 2

SurfLink Media 2 is a set-and-forget media streaming solution that connects to TVs, MP3 players and more, to wirelessly stream audio directly to your hearing aids.

Hear better.
Live better.
