

# My Starkey App

## Did you know –

The My Starkey App is a companion app for your hearing aids that allows you full control of your hearing aids to help you hear better and live better.

Available on both **Apple®**  
and **Android™** devices

App and feature availability may look slightly different based on your phone and/or hearing aid model.

## Did you know –

Starkey hearing aids offer benefits beyond hearing health through the My Starkey App.

### Hearing Health Features

#### Phone Calls

Answer calls and hear the conversation streamed directly to your hearing aids using compatible devices.

#### 2-Way Audio

Answer and end calls directly from your hearing aids. Plus, hearing aid microphones pick up and stream your voice allowing you to talk hands-free.

#### Hearing Control

Change volume and switch memories with your smartphone.

#### Edge Mode+

Edge Mode + uses AI to optimize sound quality on demand for either clearer speech or improved listening comfort. Now automatic, it continues to scan, adapt, and optimize as the acoustic environment changes.

#### Telehear AI

Access to 24/7 adjustment help through our Generative AI-powered user assistant.

#### TeleHear

Remote programming allows for virtual adjustments to hearing aids.

#### Gen AI Smart Assistant

Voice-activated audio adjustments, reminders, answers to hearing aid topics, and more.

#### Self Check

Allows you to perform a diagnostic test of your hearing aid components.

### Health and Wellness Features

#### Hearing Report

View information about hearing aid usage, noise levels, streaming information and more.

#### Respiratory Rate

View respiratory rate in standard breaths per minute (BPM).

#### Balance Builder

Exercises designed to help work on different elements of balance.

#### Balance Assessment

A self-guided screening for fall risk that evaluates balance, gait and strength.

#### Fall Alert

With integrated sensors, Fall Alert can detect falls and send alert messages to selected contacts.

#### Step Count

Track steps throughout the day from walking, running and other daily activities.

#### Activity Tracking

Set goals and track activities such as walking, running, standing, biking and more.

#### Caregiver App

Share health information and hearing aid usage with close friends or family members.

### Intelligent Features

#### Find My Hearing Aids

Easily locate lost hearing aids by viewing the last place your hearing aids were connected to your phone.

#### Find My Phone

Using hearing aids and Gen AI Smart Assistant, you can now locate your lost or misplaced phone by having it ring. No other hearing aid offers this capability.

#### Reminders

Personalized or on-screen reminders for daily tasks such as taking medications.

#### Language Translation

Communicate with people who speak other languages via the easy-to-use translation tool in your My Starkey app (requires an internet connection).

#### Transcribe

Conversations are transcribed so you can read what's being said into text that can be saved or shared.

#### Patient Education

The Learn section offers a complete library of "how-to" content and videos.

Feature availability may vary based on your phone and/or hearing aid model. App and feature availability may look slightly different based on your phone and/or hearing aid model.
