## FACILITATOR'S GUIDE OVERVIEW & USAGE TIPS

This Facilitator's Guide is customizable, enabling you to adapt it to your specific needs for tracking trainee progress, preparing for and conducting training sessions, and debriefing and assessing trainees after they complete the CET scenario in-headset.

### TRAINING SESSION PREPARATION

**NOTE:** Trainers should complete the scenario in-headset at least once prior to facilitating this CET module with trainees.

#### **LESSON PLAN**

Review the lesson plan, which provides a comprehensive overview of the CET module, including its purpose, scenario overview, trainer preparation guidance, references, and links to additional resources.

#### **LEARNING OBJECTIVES**

Review the CET module's learning objectives, identify additional learning objective skills to assess trainees on during the scenario, and add any agency-specific learning objective skills to assess.

#### **AGENCY RESOURCES**

Add agency-specific notes, including local and state resources, best practices, and pertinent guidelines tailored to your agency and community.

#### **SCENARIO FLOW & DECISION POINTS**

Refer to the one-page flowchart outlining the scenario's decision points and corresponding branches as needed.

### TRAINEE EVALUATION

Use the [trainee evaluation](#) form to track trainee completion and document notes on their scenario decisions. Conduct a debriefing with the trainee by asking debriefing questions. Print copies for each trainee and add the trainee's name, ID, and position at the top of each evaluation form to use as a training record.

**NOTE:** If facilitating this CET with multiple trainees at once, use the group debriefing questions in the [group evaluation](#) section to debrief with the group. Axon also recommends [screen casting](#) the in-headset experience for the group to observe.

#### **DEBRIEFING QUESTIONS**

After the trainee completes the scenario in-headset, conduct a debriefing with them to provide feedback, discuss their choices and the scenario outcome. Use the provided debriefing questions for guidance and incorporate any agency-specific debriefing questions.

## LESSON PLAN

<b>COURSE OVERVIEW</b>	<p>In this CET, trainees arrive on scene to find a married couple engaged in a verbal and potentially physical dispute. Armed with a TASER energy weapon and firearm, trainees will learn how to respond to instances of domestic violence and effectively establish a secure environment under time constraints.</p> <p>After completing the experience, the trainee will debrief with the trainer.</p>
<b>IN-HEADSET VR EXPERIENCE</b>	<p>Trainees will begin the in-headset experience from the first person perspective of a responding officer receiving a Dispatch call, followed by an initial scene assessment of a domestic altercation between subjects. Throughout the scenario, decision points allow trainees to practice responding under stress, making rapid judgment calls, and determining the best follow-up actions.</p> <p>Trainees will be asked to make decisions in real time by selecting from multiple on-screen options. The trainees will see the scenario play out based on their selections. No VR Controllers are required; trainees will use head movements to aim a crosshair and make selections.</p> <p>See the scenario flow and decision points <a href="#">flowchart</a> for an overview of the VR scenario and decision points branching.</p>
<b>MODULE TIMER</b>	<p>In the scenario, whenever choices are presented, a timer will initiate a countdown. Trainees have <b>five seconds</b> to make a decision; if they fail to do so, the scene will replay, and the timer will reset.</p> <p>This timer is intended to simulate the pressure of making decisions in real-time, helping trainees develop their ability to respond effectively under stress.</p>
<b>LEARNING OBJECTIVES</b>	<ul style="list-style-type: none"><li>• Discover what it is like to encounter a domestic altercation between subjects on-scene.</li><li>• Determine the best tactics for handling subjects involved in a domestic altercation with little time or space to react and potential safety risks to all parties on scene.</li><li>• Recognize an officer's role and be able to articulate when their authority on-scene has changed.</li></ul>
<b>INSTRUCTIONAL GOAL</b>	<p>As a responding officer, the trainee will make decisions based on agency policy, and proceed with the information available in the scenario to respond to instances of domestic violence and effectively establish a secure environment under time constraints.</p>

## AGENCY-SPECIFIC LEARNING OBJECTIVE SKILLS

Add any additional agency-specific learning objective skills you would like to assess trainees on as a part of this scenario:

## AGENCY RESOURCES

This training is best augmented with agency-specific resources. Axon does not make any recommendations on agency policies.

In alignment with agency policy, consider creating a supplemental guide (or use the space below to add agency-specific notes) to share with trainees that includes the local and state resources available that are specific to your agency and community, best practices, and agency-specific guidelines.

### AGENCY-SPECIFIC NOTES

## TRAINEE EVALUATION (INDIVIDUAL)

After the trainee completes the VR scenario in-headset, conduct a debriefing with them to provide feedback and discuss their choices and the scenario outcome using the provided questions as a guide.

You can use the [trainee evaluation form](#) with the debriefing questions as a training record to detail performance notes and track individual trainee evaluations. Simply print copies for each trainee.

**NOTE:** If facilitating this CET with multiple trainees at once, use the group debriefing questions in the [group evaluation](#) section to conduct a debriefing with the group.
