FACILITATOR'S GUIDE OVERVIEW & USAGE TIPS

This Facilitator's Guide is customizable, enabling you to adapt it to your specific needs for tracking trainee progress, preparing for and conducting training sessions, and debriefing and assessing trainees after they complete the CET scenario in-headset.

TRAINING SESSION PREPARATION

NOTE: Trainers should complete the scenario in-headset at least once prior to facilitating this CET module with trainees.

LESSON PLAN

Review the lesson plan, which provides a comprehensive overview of the CET module, including its purpose, scenario overview, trainer preparation guidance, references, and links to additional resources.

LEARNING OBJECTIVES

Review the CET module's learning objectives, identify additional learning objective skills to assess trainees on during the scenario, and add any agency-specific learning objective skills to assess.

AGENCY RESOURCES

Add agency-specific notes, including local and state resources, best practices, and pertinent guidelines tailored to your agency and community.

SCENARIO FLOW & DECISION POINTS

Refer to the one-page flowchart outlining the scenario's decision points and corresponding branches as needed.

TRAINEE EVALUATION

Use the [trainee evaluation form](#) to track trainee completion and document notes on their scenario decisions. Conduct a debriefing with the trainee by asking debriefing questions. Print copies for each trainee and add the trainee's name, ID, and position at the top of each evaluation form to use as a training record.

NOTE: If facilitating this CET with multiple trainees at once, use the group debriefing questions in the [group evaluation](#) section to debrief the group. Axon also recommends [screen casting](#) the in-headset experience for the group to observe.

DEBRIEFING QUESTIONS

After the trainee completes the scenario in-headset, conduct a debriefing with them to provide feedback, discuss their choices and the scenario's outcome. Use the provided debriefing questions for guidance and incorporate any agency-specific debriefing questions.

LESSON PLAN

<p>COURSE OVERVIEW</p>	<p>Empathy lies at the heart of this scenario—experience firsthand the inner dialogue, anxiety, and despair involved in a domestic violence incident. Learn strategies to effectively communicate with victims of trauma and employ questioning techniques to help keep all parties safe.</p> <p>After completing this scenario, the trainee will debrief with the trainer.</p>	
<p>IN-HEADSET VR EXPERIENCE</p>	<p>Trainees will begin the in-headset experience from the point of view as a Public Safety Officer responding to a complaint about arguing neighbors.</p> <p>Trainees will be asked to make decisions in real time by selecting from multiple on-screen options. The trainees will see the scenario play out based on their selections. No VR Controllers are required; trainees will use head movements to aim a crosshair and make selections.</p> <p>See the scenario flow and decision points flowchart for an overview of the VR scenario and decision points branching.</p>	
<p>LEARNING OBJECTIVES</p>	<ul style="list-style-type: none"> • Discover what life might be like for a person experiencing domestic violence. • Recognize and explain common victim behaviors when domestic violence has occurred. • Recognize and explain common abuser behaviors when domestic violence has occurred. • Successfully demonstrate proper conduct and situational awareness on a basic domestic violence call that ends with the best possible outcome for everyone involved. 	
<p>INSTRUCTIONAL GOAL</p>	<p>As a responding officer, the trainee will apply agency policy and use available scenario information to demonstrate proper conduct and situational awareness to employ investigative and communication strategies to safely manage a basic domestic violence call, identify signs of trauma, engage effectively with subjects, and guide the situation toward the most positive resolution for all parties involved.</p>

AGENCY-SPECIFIC LEARNING OBJECTIVE SKILLS

Add any additional agency-specific learning objective skills you would like to assess trainees on as a part of this scenario:

AGENCY RESOURCES

This training is best augmented with agency-specific resources. Axon does not make any recommendations on agency policies.

In alignment with agency policy, consider creating a supplemental guide (or use the space below to add agency-specific notes) to share with trainees that includes the local and state resources available that are specific to your agency and community, best practices, and agency-specific guidelines.

AGENCY-SPECIFIC NOTES

TRAINEE EVALUATION (INDIVIDUAL)

After the trainee completes the VR scenario in-headset, conduct a debriefing with them to provide feedback and discuss their choices and the scenario outcome using the provided questions as a guide.

You can use the [trainee evaluation form](#) with the debriefing questions as a training record to record performance notes and track individual trainee evaluations. Simply print copies for each trainee.

NOTE: If facilitating this CET with multiple trainees at once, use the group debriefing questions in the [group evaluation](#) section to conduct a debriefing with the group.
