AJS JOISTS

Strong Solutions Done Right

Boise Cascade® AJS® joists are engineered to perform. With solid-sawn flanges manufactured with proprietary MSR (machine stress rated) lumber, they deliver strength, reliability, and consistency all backed by a limited lifetime warranty.

The capabilities of AJS joists allow for simple and cost-efficient layouts, with high floor performance. The consistency and quality from piece to piece help keep floors flat and quiet – creating satisfied customers and fewer callbacks.

AJS JOIST ADVANTAGES

- Easily cut holes in web to run mechanicals, plumbing, and HVAC
- Lightweight and easy to handle for quick installation
- Can be cut on-site without specialized skills or tools
- Depths from 9 ½" - 24" can handle high loads and large holes
- Engineered to handle long spans for added design versatility
- Solid-sawn wide flanges make nailing quick and easy
- BC FloorValue® software helps optimize floor performance before the first nail is driven

Supporting Successful Builds

Boise Cascade®
ENGINEERED WOOD PRODUCTS

Reliable products. Reliable availability. Reliable support. Boise Cascade provides value-added solutions that can't be found elsewhere. Our suite of powerful software helps optimize layouts, reduce waste, and find the best balance of value and performance all before the first nail is driven. Our knowledgeable engineering and software teams offer dedicated product support, providing the answers and hands-on help from real experts when and where you need it.

Every AJS joist is manufactured with jobsite convenience in mind. Pre-stamped 1 ½" hole knockouts simplify wiring installation. For larger mechanical or HVAC systems or more customized hole placements, additional holes can be easily cut on-site.

From concept through completion, we help deliver the efficiency, quality, and expert support needed to build better every step of the way.

THE BOISE CASCADE DIFFERENCE

With Boise Cascade, you get more than reliable engineered wood products — you get results backed by people and resources that support your success. For over 60 years, we've earned the trust of building professionals through our high-quality products, quick and dependable distribution network, technology solutions, and unparalleled support that help keep projects moving and customers satisfied.

- Full line of EWP solutions for single family, multifamily, and light commercial projects
- Reliable nationwide distribution network
- More than 60 years of proven performance
- Peace of mind with our limited lifetime warranty
- Industry-leading SawTek® automated saw system
- EWP product support from knowledgeable engineers
- Boise Cascade suite of software helps design, size & analyze projects
