Boise Cascade®
ENGINEERED WOOD PRODUCTS

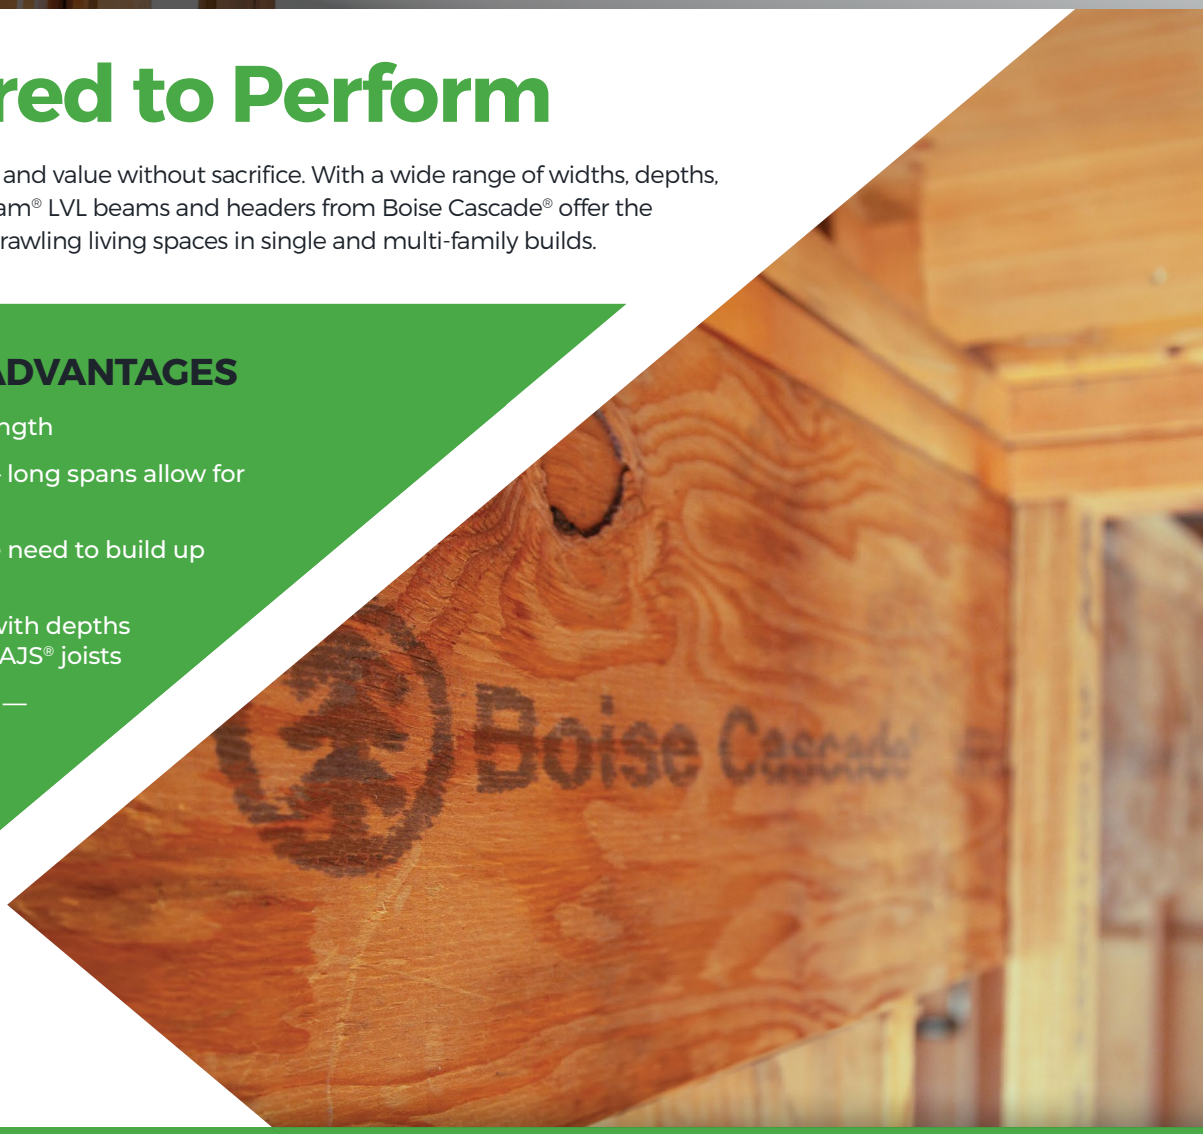
# VERSA-LAM LVL
## Beams & Headers

## Engineered to Perform

Get industry-leading strength and value without sacrifice. With a wide range of widths, depths, and lengths available, Versa-Lam® LVL beams and headers from Boise Cascade® offer the versatility needed to create sprawling living spaces in single and multi-family builds.

### VERSA-LAM LVL ADVANTAGES

- Best-in-class bending strength
- No more limited layouts — long spans allow for greater design flexibility
- Wide widths eliminate the need to build up multi-ply members
- Installation made simple with depths designed to match BCI® & AJS® joists
- High dimensional stability — no twisting, bowing, or warping
- No camber for flat & quiet floors



### SIZE GUIDE

- **Depth:** 3 1/2" - 24"
- **Width:** 1 5/16" - 7"

Boise Cascade®
ENGINEERED WOOD PRODUCTS

# Backed by Boise Cascade

For more than 60 years, Boise Cascade has been committed to delivering the quality, consistency, and reliable products backed by customer support builders can trust. To provide peace of mind long after the home is built, all Boise Cascade engineered wood products come with a limited lifetime warranty.
