OSB RIMBOARD

Sturdy Floor Systems Made Simple

Give floors the support they need with Boise Cascade® OSB Rimboard — a one-step, easy-to-install solution designed for use with BCI® and AJS® Joists. Precision manufactured for consistent thickness, it helps reduce waste and saves time on the jobsite, all while staying straight and true to create flatter, sturdier floor systems. Boise Cascade OSB Rimboard gives the strength and efficiency builders need, and the quiet floors homeowners expect.

OSB RIMBOARD ADVANTAGES

- Sized to the exact depth of BCI and AJS joists
- One-step installation — simply nail and go
- Creates a continuous load-bearing perimeter for solid, quiet floor systems
- Lightweight design makes handling and installation easier
- High dimensional stability — no twisting, bowing or warping

Boise Cascade®
ENGINEERED WOOD PRODUCTS

Strength Meets Speed

Boise Cascade OSB Rimboard is engineered for efficiency on the jobsite, streamlining installation without compromising strength. Because it's precisely sized to match BCI and AJS joists, there's no need to rip material on the site, resulting in reduced labor and less wasted material.

Backed by a dependable nationwide distribution network, products are available on time, when and where you need them.

THE BOISE CASCADE DIFFERENCE

With Boise Cascade, you get more than reliable engineered wood products — you get results backed by people and resources that support your success. For over 60 years, we've earned the trust of building professionals through our high-quality products, quick and dependable distribution network, technology solutions, and unparalleled support that help keep projects moving and customers satisfied.
