

Boise Cascade[®]
ENGINEERED WOOD PRODUCTS

BC CONNECT

Integrated Workflows for a Better Experience

Work smarter with BC Connect[®]— an all-in-one platform that brings together project management, inventory tracking, product design, and material optimization into a single, easy-to-use application. Integrated with the full suite of Boise Cascade software solutions, it streamlines the entire design and operations lifecycle, helping teams work more efficiently and consistently from start to finish.

BC CONNECT ADVANTAGES

- Centralized contacts, files, and project statuses help teams stay aligned and projects stay on track
- Real-time inventory tracking helps forecast demand and avoid potential shortages or overstocking
- Integrated resource library provides access to Boise Cascade technical guides, code reports, and more when and where you need them
- Quick sizing tool provides a convenient list of Boise Cascade products that meet structural requirements based on span and load conditions
- Design management dashboards organize workloads and track design hours for greater efficiency and accountability
- Minimize waste and increase operations efficiency with cut length and inventory optimization

A Central Hub for Cross-Collaboration

Boise Cascade®
ENGINEERED WOOD PRODUCTS

Fully integrated with the Boise Cascade suite of software, BC Connect provides instant, cloud-based access to the latest project details, designs, and inventory information, all-in-one centralized space. It eliminates the need to switch between multiple platforms or re-enter data, which saves time and reduces errors. Break down workflow barriers between teams and get a clear view of projects from high-level strategy to hour-by-hour operations.

THE BOISE CASCADE DIFFERENCE

With Boise Cascade®, you get more than reliable engineered wood products — you get results backed by people and resources that support your success. For over 60 years, we've earned the trust of building professionals through our high-quality products, quick and dependable distribution network, technology solutions, and unparalleled support that help keep projects moving and customers satisfied.

- Full line of EWP solutions for single-family, multifamily and light commercial projects
- Reliable nationwide distribution network
- More than 60 years of proven performance
- Peace of mind with our limited lifetime warranty
- Industry-leading SawTek® automated saw system
- EWP product support from knowledgeable engineers
- Boise Cascade suite of software helps design, size, and analyze projects
