

PURCHASE ORDER TERMS & CONDITIONS (U.S.) OF BOISE CASCADE WOOD PRODUCTS, L.L.C.

1. Integration. Purchases by Boise Cascade Wood Products, L.L.C., a Delaware limited liability company (and its subsidiaries and affiliates, as applicable), a subsidiary of Boise Cascade Company, a Delaware corporation ("**Boise Cascade**"), are governed by these terms and conditions, unless the parties have entered into a mutually executed written master agreement stating applicable terms and conditions. Seller ("**Seller**") agrees to sell, and Boise Cascade agrees to buy, the goods, articles, materials, or services ("**Goods**") described on a Boise Cascade Purchase Order ("**PO**") for the price, at the time, and on the terms of payment shown on this PO. This PO and the provisions of any drawings, prints, plans, descriptions, specifications, samples, data, and other documents expressly referred to therein and adopted by reference ("**Documents**") constitute the entire agreement and supersede all proposals, negotiations, and counterproposals.

2. Controlling Terms. Boise Cascade objects to the inclusion of any different or additional terms by Seller in Seller's acceptance of this PO. If Seller includes or attaches any different or additional terms in Seller's purported acceptance, commences performance, or tenders the Goods, a contract of sale will result upon the terms and conditions as stated herein, without inclusion of any different or additional terms and conditions.

3. Quality. All Goods furnished must strictly conform to the Documents and must be of the quality specified. No deviation or substitution is permitted without the prior written consent of Boise Cascade. In the event no quality is specified, the Goods must be at least equal to the standards of the industry. Unless Seller provides a longer warranty, all Goods must be free from defect for a period of one year. If any aspect of the warranty is breached, Seller shall promptly repair or replace the offending materials or labor or pay Boise Cascade its cost and expense in conducting such repair and replacement. Seller warrants any replacement equipment and/or materials for one year after the date of installation. Seller warrants that none of the equipment or materials to be supplied under this PO contain radioactive material, asbestos, or asbestos containing materials or, if such items do contain asbestos or radioactive material, Seller shall advise Boise Cascade in writing of the equipment or material containing the asbestos. Boise Cascade shall then advise Seller in writing whether such equipment or material will be acceptable.

Boise Cascade shall have the right at all times during the performance of this PO to conduct such tests and inspections as it deems necessary to assure Seller's compliance with this PO. Boise Cascade will be supplied, as needed, data, drawings, specifications, test results, quality documentation, schedules, and other documents and information. Seller shall not subcontract any portion of the Goods without the prior written consent of Boise Cascade. In any case, Seller shall be as fully responsible to Boise Cascade for the acts of subcontractors as if such subcontractors were employees of Seller. No payment by Boise Cascade of any sums due pursuant to the Documents shall be interpreted as a waiver of any defect in the Goods.

4. Price and Discounts. The price set forth on this PO is not subject to escalation unless an escalation formula is expressly provided for on the face of this PO. If a prompt payment discount is provided for on this PO, the discount period begins when the invoices are received, provided the period will be extended for delays caused by errors in invoicing or good faith disputes over the accuracy of the invoice.

5. Title; Liens. Seller warrants that it has and will convey good and marketable title to the Goods sold to Boise Cascade and that such Goods are free from all liens and encumbrances. Seller shall promptly pay all laborers, subcontractors, or materialmen connected with the Goods and, if any shall file liens or threaten to file liens against the Goods, Seller shall promptly obtain a release of any such lien or post a bond indemnifying Boise Cascade against all loss by reason of such lien. If any laborers, subcontractors, or materialmen shall complain to Boise Cascade of late payment by Seller, Boise Cascade may make direct payments to said persons and deduct the amount thereof from the amounts due Seller or recover said amounts from Seller. Boise Cascade may, prior to making any payment due under the Documents, require Seller to deliver lien waivers from itself and each of its subcontractors and materialmen for all work done prior to such payment and all Goods previously delivered. Seller shall provide, if requested by Boise Cascade, material and payment bonds covering the Goods in amounts

not less than 100% of the price specified in this PO, satisfactory in form and substance to Boise Cascade.

6. Taxes. All sales taxes which may be imposed upon the transaction contemplated by this PO shall be separately itemized and paid by Boise Cascade as a part of the price in this PO.

7. Changes. Changes may be made by Boise Cascade at any time in the character or quantity of Goods to be furnished hereunder by written change order signed by the same authority executing this PO for Boise Cascade. The price specified on the PO shall be adjusted pro rata if the change is in quantity, or by mutual agreement if the character or Goods or other terms are changed so as to increase or decrease the cost to Seller. Upon Boise Cascade's request, Seller shall provide satisfactory evidence from which adjustments based on cost can be determined.

8. Delay. Time is of the essence to this PO. Seller understands and agrees that the Goods may depend in part upon the performance of other contractors and material suppliers and that all or some portion of the Goods may be performed in and around an operating facility in which Boise Cascade is conducting its normal business operations. Seller warrants that it has taken all such conditions and potential conditions into account in submitting its bid for the Goods. Boise Cascade shall not be liable to Seller for any delay, loss, damage, or other injury that is incurred by Seller by reason or in connection with any such condition, including any strike of Boise Cascade's workforce which may occur during the performance of the Goods. At the outset of any delay from any cause, including Force Majeure, Seller shall immediately notify Boise Cascade in writing of the delay or anticipated delay and shall undertake to shorten the delay by all reasonable means. If such delay is caused by Force Majeure, the costs of shortening the delays shall be paid by Boise Cascade to the extent such costs are attributed to action authorized by Boise Cascade. If the delay is from any other cause, Seller shall be solely responsible for the costs of overcoming delays.

9. Force Majeure. Neither party shall be liable for any delay or failure to deliver or accept any or all of the Goods where such delay or failure is caused by fire, earthquake, other act of God, acts of public enemies, riot, insurrection, governmental regulation of the sale of materials and supplies or the transportation thereof, strikes directly affecting the work of construction, shortages of material or labor resulting directly from general market shortages, governmental control or diversion, government order issued in connection with a public health emergency, and other causes beyond a Party's control other than shortage of funds ("**Force Majeure**"). Where only a portion of Seller's capacity to perform is so impaired, Seller shall make a fair allocation of its remaining production among the various customers then under contract for similar Goods during the period. If this PO is for Goods to be used in the regular production of Boise Cascade's property, Boise Cascade may at its option delete the undelivered Goods from this PO or appropriately extend the time for performance of this PO.

10. Indemnity.

A. General Indemnity. Seller shall release, indemnify, defend, and hold harmless Boise Cascade, its subsidiaries and affiliates, and their respective officers, directors, agents, employees, and subcontractors (each, an "**Indemnified Party**" and collectively, the "**Indemnified Parties**"), from and against any and all claims, demands, losses, injuries, damages, actions, expenses, including attorneys' fees, or liability of any kind, responsibility, liability for injury or death of persons, and/or loss, damage to, contamination of, or destruction of property belonging to Boise Cascade or others, or for claims therefor, whether or not Boise Cascade has suffered actual loss, damage, or expense (collectively a "**Loss**"), where such Loss has resulted from, pertains to, relates to, or has arisen out of, Seller's, or those for whom Seller is responsible, performance of the Goods or any on-site activities, including, but not limited to, any negligent acts, omissions to act, release or discharge of pollutants, or willful misconduct, whether active or passive, on the part of Seller, or those whom Seller is responsible, and shall extend to claims asserted after termination of this PO and to the joint or concurrent negligence of Seller and Boise Cascade but shall not extend to Losses caused by Boise Cascade's sole negligence or willful misconduct.

This indemnity shall extend, without limitation, to the personal injury and/or death of Boise Cascade's and Seller's employees and employees of Seller's agents, assigns, or subcontractors. To the extent necessary to indemnify and hold harmless Boise Cascade hereunder, Seller expressly waives any immunity or

exemption from liability for the personal injury or death of Seller's employees that may exist under, or any right to receive contribution from Boise Cascade created by the workers' compensation laws of the state where any on-site work is to be performed.

B. Intellectual Property Indemnity. Seller shall indemnify, defend and hold Indemnified Parties harmless from and against any and all demands, claims, losses, and liabilities of whatever kind or nature, including attorneys' fees and costs, asserted against or suffered by any Indemnified Party by reason of, arising out of, or in any way related to, in whole or in part, that: (1) any Goods; (2) any part of such Goods; or (3) any combination of such Goods, other hardware, and/or other software wherein such infringement would not occur but for such Goods being a part of such combination, infringes on any patent, trademark, copyright, trade secret or other intellectual property right foreign or domestic. If, as the result of an action as set forth above, the sale or use of any Goods, or part thereof, is enjoined by court order, Seller shall, at its expense, (a) procure for Boise Cascade the right to continue selling and/or using the Goods, (b) replace or modify the Goods with functionally-equivalent, noninfringing Goods (subject to Boise Cascade's approval and satisfaction), or (c) return the purchase price of each unit of Goods in Boise Cascade's inventory that Boise Cascade is unable to ship due to the injunction. The indemnity set forth in this subparagraph shall apply notwithstanding that the Goods sold hereunder may have been produced by Seller in compliance with specifications furnished by Boise Cascade unless the Goods cannot be furnished in accordance with the specifications without infringing the intellectual property as asserted in the action. Boise Cascade does not have any obligation to hold Seller harmless from any claim against Seller, its directors, officers, employees, or agents, arising out of compliance with Boise Cascade's specifications.

As used in this Indemnity section, acts referred to as being those of Boise Cascade or Seller, as the case may be, shall include acts of each such party's directors, officers, employees, agents, representatives, subcontractors, or assigns. Except for claims of Loss caused by Boise Cascade's sole negligence or willful misconduct, Seller shall assume and pay the defense costs of any lawsuit or administrative proceeding brought against Boise Cascade upon any claim of Loss and pay, on behalf of Boise Cascade, the amount of any settlement that may be reached or judgment that may be entered against Boise Cascade in connection therewith.

Boise Cascade and Seller intend that any such loss, damage, expense, responsibility, and/or liability for injury or death, and/or loss, damage, or destruction to which the foregoing indemnity does not, either by its terms or by operation of law extend, shall nonetheless be compensated by and to the extent of the insurance coverage purchased or required to be purchased pursuant to this PO.

B. Insurance Certificate. Seller shall, prior to commencing work, provide Boise Cascade with certificates evidencing all such coverages from insurance companies acceptable to Boise Cascade Company. Such insurance shall provide a waiver of subrogation in favor of the certificate holder and shall be primary and non-contributory. The parties intend this provision to be an express waiver of immunity under any applicable Workers' Compensation laws; (ii) provide on its face that the policies it represents will not be terminated, amended, or allowed to expire without 30 days' prior written notice to Boise Cascade; and (iii) provide on its face that the policies it represents contain severability of interests clause, generally providing, "the insurance afforded applies separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the company's liability." By requiring the insurance herein, Boise Cascade does not represent that coverage and limits will be adequate to protect Seller and such coverage and limits shall not limit Seller's liability under the indemnities and reimbursements granted to Boise Cascade under this PO.
