KEEPING MAKERS MAKING

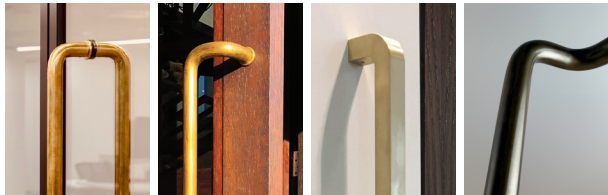

Halliday + Baillie is a New Zealand company manufacturing modern, high performance architectural hardware since 2000.

Their global success is attributed to producing quality hardware and by offering a wide range of solutions for residential and commercial projects.

Halliday + Baillie designs and produces all hardware locally adhering to New Zealand's strict environmental standards. Durability, function, and lasting design is their tradition.

D PULL HANDLES

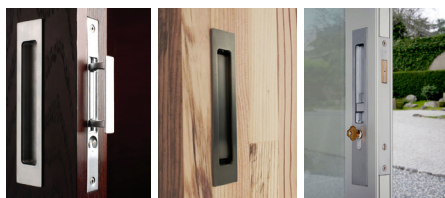

A refined classic, Halliday + Baillie D Pulls are made from solid brass. Available in round or square profiles, including an offset round pull for narrow stile doors. Finishes include unlacquered Polished Brass, Satin Brass, Aged Brass and Black Chrome.

FLUSH PULLS & LOCK SETS

Flush hardware for any application! Discover flush hardware for pocket and swing doors, even cabinets and windows, from the widest range of flush options in the world.

Halliday + Baillie pocket and sliding door locksets are made for durability and performance. All finishes are salt-spray tested and guaranteed to withstand New Zealand's harsh coastal conditions.

the future is flush

Halliday + Baillie offers the world's widest range of flush hardware solutions in a dozen architectural finishes.

STAIR BRACKETS

Halliday + Baillie stair brackets are available in all standard finishes including marine-grade stainless steel. LED lighting integration is available with their most popular design. All stair brackets surpass international load standards.

MAGNETIC DOOR STOPS

Having a windy day? Halliday + Baillie magnetic door stops hold doors in place with confidence. The collection includes matching nonmagnetic options. Available in all finishes.
