HVAC emergency call

Voice Assist (0:00): Hi, this is Ringo's Cooling and Plumbing. How can I help you today?

Caller (0:03): Hi, my air conditioning just went out and I'd like to schedule your first availability for a repair.

Voice Assist (0:09): I can help set that up.

Caller (0:10): Before we do that, I'd like to know if you'll price match. I called a couple of other people in my area and they charge \$125 for a diagnostic.

Voice Assist (0:19): While we don't have a formal price match policy, we do offer a membership that lowers the diagnostic to \$99 and includes other benefits.

Caller (0:27): That sounds great. I'd love to move forward with the appointment.
