Re: Letter of FDA Compliance

Product: PVC Film

Dear Valued Customer:

Please note that based on our manufacturing laboratory test results, we can confirm that our PVC film meets the specifications by the Food and Drug Administration of United States of America (FDA) in 21 Code of Federal Regulation (CFR) Section 178.2010, and may be safely used in contact with food.

Thank you for being an Inteplast Group customer.

Sincerely,

Joe Wang  
Global Sourcing Manager
