

MegaStar AmTopp Machine Film

AmTopp's MegaStar[®] machine film (EMB) is one of the films in our Engineered Ultra High Performance Film Series.

Features & Benefits

- Optimum yield range of upwards of 300% plus, depending on the wrapper and load configuration
- Equal to better holding forces over thicker obsolete films
- Higher stretch and holding force levels gives you 10-20% material savings over competitors' high end films and over 40% material savings over conventional films to save you money
- Puncture and tear resistance for A, B, and C profile loads
- Superior cling package / One Side Cling (OSC)
- Especially designed for high speed wrappers
