

PET Deli Containers

Get Reddi® Square Deli Containers

Inteplast's premium Get Reddi line of PET square deli containers provides great solutions to a variety of prepackaged fresh food and snack application needs. This line is perfect for freshly cut or dried fruit, nuts and candy, wet salads, salsa, guacamole, and hummus to name a few.

Five sizes and one universal lid delivers the right solution for every unique application. Made from crystal clear PET material, the Get Reddi line of square deli containers enable a durable, yet cost-effective package that protects contents while in transit, merchandises your product for store shelf display, and ultimately, increases sales.

High quality post-consumer recycled PET material is also available upon request.

Features & Benefits

- Five standard square deli container sizes with one universal lid
- Made from high quality polyethylene terephthalate (PET) material
- Post-consumer PET content blend capabilities available via special make to order minimum runs
- Recessed inside fit lid provides stable container stacking for excellent shelf display, portion control and shelf space utilization
- Versatile for all types of prepackaged cold and ambient fresh food applications in the supermarket deli, produce, and bakery sections
- Flange width can accommodate most common film sealing applications
