

# 4X4 HDMI<sup>®</sup> 2.0 MATRIX WITH EXTENDERS

CELEBRATING  
**75**  
YEARS  
OF INNOVATION

## CS-44MEE

Provide video distribution without defaulting to the lowest resolution in the system, allowing legacy and new 4K technology to co-exist. This versatile 4x4 HDMI<sup>®</sup> matrix not only includes 4 receivers for a cost-effective package but it can also downscale 4K to 1080p resolution for each output. It extends HDMI<sup>®</sup> signals up to 70 meters (230 feet) and supports 4K/60, HDR, HDR10, HDR10+, Dolby Vision<sup>®</sup>, and HLG, plus resolution scaling on the mirrored HDMI<sup>®</sup> and Cat outputs. This matrix is designed to solve HDMI<sup>®</sup> compatibility issues between mixed hardware using advanced EDID and CEC control. This system is easy to set up and can be controlled from the front panel, via an IR remote, RS232, IP, or the web GUI.

- Extends HDMI<sup>®</sup> signals up to 70 meters/230 feet over Cat6
- Includes (4) receivers for added value
- Supports downscaling 4K to 1080p resolution for each output
- Advanced EDID and CEC control (helps solve compatibility issues with mixed hardware)
- Compatible with HDR, HDR10, HDR10+, Dolby Vision<sup>®</sup> & HLG
- Supports HDMI<sup>®</sup> 2.0
- Easily control with front panel buttons, IR remote, RS232, IP, and web GUI
- Supports IR passback and includes (4) IR receivers and (4) IR emitters

(4) HDMI<sup>®</sup> inputs  
(4) HDMI<sup>®</sup> and Cat6 mirrored outputs
