HYBRID TILT ARTICULATING MOUNT

 SALES 386-255-0234

PRODUCT OVERVIEW

This incredible design offers extreme flexibility compared to a traditional tilt mount. Gain easy access to the back of the TV by extending the TV straight out up to 7" from the wall with the innovative scissor like extension movement. In addition to the traditional tilting action, this mount also provides up to 15 degrees of left or right swivel rotation allowing you to have the TV pointed accurately to the primary viewing location. +/- 24mm of leveling adjustment on each arm allows you to fine tune adjust the level position of the TV after it has been installed.
