HIVEBRITE PLATFORM AND FEATURES

Forum Discussion

The Forum tab within Hivebrite is your space to ask questions and pose discussion topics related to the Project Group at large. This is also the space where you will hear directly from TIP Leadership and support on meeting agendas, reminders, release of Technical documents and more.

Chat Functionality

In each Project Group space you have the opportunity to directly connect with members of your group. Click on the Group Members tab, find the member profile you'd like to chat to, and hit “Send Message.”
