FP™
MAILING SOLUTIONS

Modern Mailroom
Company Overview

Our Mission

We pride ourselves on creating a culture that fosters cross-team collaboration and solidarity. It is our mission to continually support your ever-evolving business through unmatched product innovation, cutting-edge service and customer-centric focus.

Our Solution Oriented Offerings

Mailroom Solutions

Our Mailroom Solutions are designed to optimize and streamline your mailing workflow so that you can focus on what matters most, your business. From postage meters to folder inserters, printers and more, FP has the products you need to enhance your mailroom.

Shipping Solutions

Looking for an easy way to send and receive your packages? FP has a number of Shipping Solutions to help you manage, track and monitor your incoming and outgoing packages. From multi-carrier shipping software to our secure parcel lockers, we have the right solutions to create a seamless shipping experience for your business.

Digital Solutions

Our Digital Solutions expand the efficiency and capabilities of your business processes. We offer an expanding line of digital solutions including multi-carrier rate shopping, digital signing and mail machine interfacing and control.

Catalog Contents

Mailroom Solutions

Shipping Solutions

Digital Solutions

Large System Support

Postage Meters

Run your mail and print indicia instead of stamps. Postage Meters offer discounts and savings on USPS® rates, as well as cost account tracking and reports.

Folder Inserters

Securely process your mailing by folding documents, inserting into envelopes and then sealing and stacking those envelopes, saving you time and money.

Printer Systems

Whether you're printing addresses on envelopes or four color advertising mail pieces, our printing systems make quick work of even the most complex projects.

ParcelPods

Take control of your mailroom with ParcelPods, the perfect solution to organize and keep track of all your incoming packages.

FP Parcel Shipping

A simple step-by-step online shipping application that makes mailing packages simple and offers reduced postage rates.

Professional Services

Our highly skilled team of professionals are ready to provide expert level support at any stage of the sales process.

Postage Meters

Postage Meters
What is a Postage Meter?

If you regularly send more than a few envelopes, you can save time and money by automating your mailroom processes with a postage meter. Meters accurately weigh and rate mail to print any postage amount and provide postal discounts over stamps. FP Mailing Solutions currently is the only provider that offers a FULLY IMI Product line.

USPS® IMI Approved Meters

The PostBase® product line is a fully digital, Intelligent Mail Indicia (IMI)-compliant postage meter designed to fully meet all USPS® standards and requirements. Equipped with the most up-to-date IMI technology, the PostBase product line includes a full set of USPS® postal rates and automatic downloads to ensure you always have accurate postal rates without any hassle.

UNITED STATES POSTAL SERVICE ®
Approved IMI Postage Solution

User Friendly
Engineered with users in mind, the intuitive, icon driven menu makes operating your meter as simple as operating a smartphone.

Professional Image
In addition to a professional mail image, PostBase® meters can run advertisements next to the printed postage such as logos or text messages.

Postal Services
Access postal discounts with a PostBase® postage meter. Custom shortcuts and rate wizard offer easy and accurate selection of USPS® Postal Products.
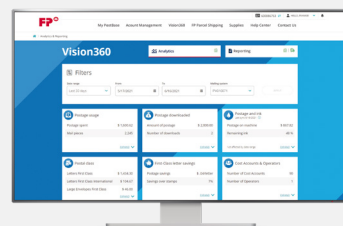

FP Online Portal
FP offers an easy way to get an overview of your mailing system, access your invoices and orders, and purchase postage and supplies all from a single online platform. Plus, find product specific support and access to FP digital products and services.

Vision 360 Postal Reporting & Analytics
Access to Vision360 is exclusive to the PostBase® Vision technology.
Gain insight into your postal expenditures to better monitor, manage and control costs. Vision360 provides convenient online access to postal analytics and reporting for simple mail management. View, print or download reports in PDF or Excel formats. Optional upgrades available for additional reports and combining metrics.

Folder Inserters

FPi Folder Inserters
Load. Press Start. Done

A folder inserter is a fast and reliable method of folding and inserting paper and documents into an envelope for mailing. Our folder inserters process your mail up to 70 times faster than by hand, increasing productivity and making mail prep a breeze. These systems reduce risks and allows you to comply with regulations to improve your customer's experience and employee morale.

FlexStream Stoftware
Folder Inserter Document Processing

FlexStream Software is a document automation solution for folder inserters that gives organizations control over their mailing process. With its unmatched versatility, FlexStream automates and simplifies business workflow. It ensures security and document integrity by adding scancodes that can be read by a folder inserter. Based on business rules, FlexStream automatically choses which documents to print and mail, and which to securely send electronically.

FlexStream

- Add folder inserter scancodes (barcodes & OMR) for document set integrity and security
- Organize, manipulate and enhance documents
- Gain access to postage discounts
- Correct addresses on-the-fly
- Automate processes, reducing labor time and saving money
- Add variable and static marketing text, graphics, logos or barcodes
